Executive Session Report Out

-) The Board provided direction to TCD Executive Director and Counsel pertaining to the subjects discussed in Executive Session.

Other Reports

A. Board of Supervisor Reports

-) Supervisor Johnson met with the City of Olympia Staff and Parks Director regarding the Zahn/Spooner Farm. They have expressed no plan to conserve farmland by preserving any part of the parcel for farming. TCD's goal was to encourage the city to live up to and honor the No Net Farmland Loss initiative.
-) Supervisor Pickett asked about the response to the TCD Letter of Support. Supervisor Johnson stated that many of the City Council Members were not present when the plans were adopted, nor was the Parks Director. It is now on the Council's radar.
-) Supervisor Johnson will hear back from the Parks Director and will bring the information to the next Board Meeting.

C. Executive Director Report

-) The RCPP is the Regional Conservation Partnership Program with the USDA that provides grants for projects, with matching money from the grant recipient. TCD doesn't have a RCPP Planning Grant yet, but it is a possibility in the future. There is a Fall 2020 grant submission deadline that TCD and community partners don't believe is possible to meet. This may be a goal for 2021.
-) An update on the VSP Report was covered in Executive Session.

D. Correspondence

-) Associate Supervisor Chris Stearns gave an update on Cascadia Grange Conference covering winter barley program.

Supervisor DeWreede moved to adjourn. Supervisor Iyall seconded. Motion passed unanimously.

Thurston Conservation District

March 2020 Financial Notes

The District's Accountant is working remotely to protect the health and safety of staff and to reduce the spread of COVID-19. The Accountant has access to all equipment and materials needed to continue normal financial operations of the District.

Total (Restricted and Unrestricted) Year-to-Date Profit and Loss (Page 2)

1. In February 2020, the District's expenses exceeded its income by \$89,401.50. This is to be expected each month until May when TCD will receive one of the two major *Rates and Charges* payments; the other large payment is in November.

Total (Restricted and Unrestricted) February Profit and Loss (Page 3)

2. In February 2020, you see that the Rates and Charges income is starting to increase. This month we received \$16,662.39 compared to \$1,609.33 in January.

Balance Sheet (Page 5)

3. We can expect our Checking Account balance to continue to decrease until the Rates and Charges income starts increasing: \$64,595.76 at the end of February compared to \$104,640.49 at the end of January.

Restricted Budget vs Actuals (Page 6)

4. We added two new grants to the Restricted Budget in February: NACE Home Grown Yelm (\$50,000) and NTAqua (\$196,000).

Unrestricted Profit & Loss Budget vs Actual (Page 7)

Income

5. The 2020 *Plant Sale* budget is \$21,600.00. The District received \$11,595.25 of the plant sale income so far in 2019. It may be that we receive the remaining amount in the autumn, during pre-order for the 2021 Plant Sale. I'll do some analysis to see if we need to adjust this budget amount during the Mid-Year Budget Revision process in June.
6. Just to note, the *Grant Revenue* income of \$95,600.00 will not be available to the District until July when TCD should be awarded the 2020 WSCC Implementation grant.

Expense

7. As with January, the District's *Computer Services* expense remains quite high in February. You'll remember that this is due to additional technical support from WSU to set-up the new computers the District purchased in December. The Board had increased the 2019 *Computer Services* budget amount to cover this tech support, but scheduling issues pushed the work out into 2020. The Board may want to consider increasing the 2020 *Computer Services* budget to cover this work during the Mid-Year Budget Revision process.
8. The *Election Expense* line item again ended high in February. The 2020 election is complete, but we may still have additional election expenses in 2020 to cover the 2021 election. We can talk more about this budget amount during the Mid-Year Budget revision process in June.

9. The District's *Janitorial Services* monthly expense increased from \$220 to \$232 per month. We can address this increase during the Mid-Year Budget Revision process.
10. Whitlock, the District's landlord, has proposed an increase of *Office Rent* from \$3,950 to \$4,108 per month. We can address this increase during the Mid-Year Budget Revision process.
11. The *Meeting & Event Supplies* item is quite high this month. This is due to additional supplies purchased for Plant Sale.
12. A new line item, called *Licenses and Permits*, has been added to the Unrestricted Budget. The amount reported for this line item in January covers the cost of the District's business license.
13. The District's *Computer and Software Purchases* expense exceeded the 2020 annual budget amount in January. This was because the new computer server was purchased in January instead of December 2019. The Board had increased the 2019 *Computer and Software Purchases* budget amount to cover this purchase, but scheduling issues pushed the purchase out into 2020. The Board can address this increase during the Mid-Year Budget Revision process.

COVID-19 Health Crisis Organizational Continuity Plan

Recommendations

Thurston Conservation District is taking extra precautions regarding the spread of COVID-19.

TCD has taken the following additional precautions:

-) Executive Director will be participated in the MRSC webinar ‘Managing the Impact of COVID-19 on Your Agency’ to continue to ensure public health and safety, along with organizational continuity.
-) Cross training was provided for critical employee functions and a chain of command has been established for critical employee functions at TCD:
 - o Executive Director – 1st SSG Program Manager, 2nd Education & Outreach Specialist
 - o Accountant – 1st Conservation Program Manager, 2nd Habitat Specialist
-) Organization-wide remote access capabilities are functioning and all staff are teleworking according to approved telework plans.
-) All public events (workshops, community meetings, work parties, etc.) have been cancelled or postponed through April 30th, 2020. We will reassess the safety of holding public events after that date in the coming weeks. Cancelled events include:
 - o Thurston Waterway Community Meetings on March 17th, March 26th, and April 2nd. These events will be rescheduled.
 - o Earth Day Work Party on April 18th. This event will be rescheduled.
 - o South Puget Sound Regional Envirothon on April 23rd.
-) Critical site visits are continuing according to proper social distancing guidelines to meeting project implementation and permitting schedules, along with landowner cost share reimbursement, as approved. Non-essential site visits are being rescheduled to ensure cooperator and employee health and safety.
-) TCD soil and equipment rental services have been temporarily suspended through March 31st, 2020, pending discussion by the TCD Board at the March 26th, 2020 Board Meeting.

Circumstances are rapidly changing and the above precautions and guidance are subject to change at any time. Thurston Conservation District is committed to the health and safety of everyone at TCD and in our community, and will be following local and state health department guidance.

The following are recommended priorities for the TCD Board to consider when addressing the COVID-19 health crisis:

1. Health and safety of community members, board and staff.

2. Critical administrative and financial functions: approvals, payroll, accounts payable (landowner reimbursements for project implementation if applicable during this time) and accounts receivable.
3. Adherence to landowner construction, project implementation and permitting timelines.
4. Continuity of TCD equipment rental and soil testing services.

Section 5: Financial Policies: Travel

5.1A Travel Policy -- Employees

Adopted: January 1, 2001

Updated: March 26, 2020

Purpose: To minimize costs to the District and to establish basic guidelines governing the reimbursement of District-related travel and business expenses incurred by District employees.

Policy: **Collective Bargaining Agreement**

This policy implements provision of the Collective Bargaining Agreement between the District and Washington Federation of State Employees, and its provisions will be interpreted in a way consistent with the Collective Bargaining Agreement.

Travel Reimbursement

The District will reimburse District employees for expenses that are reasonable and necessary to conduct TCD business. U.S. General Services Administration or GSA rates for lodging, subsistence and mileage will be used (<https://www.gsa.gov/travel/plan-book/per-diem-rates>). Actual expenses will be reimbursed for all other eligible expenses. Expenses that exceed GSA travel rates may be reimbursed for events when employees are required to stay and/or dine at the event or where lodging and sustenance are not available at the State rate.

Travel Status

The Executive Director or the employee's manager/supervisor will determine when an employee is in travel status. Generally travel status will be granted when an employee is required to travel outside of Thurston County beyond the time normally spent for their daily job duties.

Travel Authorization

For all out-of-state or overnight travel, employees will submit a request at least two business days in advance. The Executive Director or District Auditor shall approve these requests, and may also approve requests made on short notice if necessary for employee safety or unanticipated changes in schedule.

Travel Advances

An employee who wants a travel advance must obtain written approval from the Executive Director. An approved travel advance form must be submitted to accounting at least five (5) days before travel begins. Should employee's plans for travel change, the employee must reimburse the District for any travel advance received.

Travel Arrangements

Travel arrangements should minimize costs to the District. Government discounts, economy vehicles, moderate accommodations and meals, and discount air fares must be used unless there is a bona fide reason for doing otherwise.

Transportation

Private Vehicles: District vehicles are to be used whenever possible for official District business travels. Employees are not eligible for reimbursement for mileage for personal vehicles unless an appropriate district vehicle is unavailable and the Executive Director has provided prior approval. Use of private vehicles will be reimbursed at the current State of Washington authorized mileage rate. When multiple employees/board supervisors are traveling via motor vehicle to the same destination, every effort shall be made to travel together.

Air Fare: Air travel will not be reimbursed unless authorized. Maximum payment for air travel is “coach” or “Y” class fare.

Employees are encouraged to take advantage of reduced airfare programs that minimize travel costs to the District. This includes non-refundable discount fares, and travel over Saturday nights (if other per diem costs are less than the discounted fair). Where travel time is extended to use discount fares, the District will reimburse the additional meals and lodging if the total travel expense is less than had travel time not been extended.

Lodging

The District will reimburse lodging at single occupancy Employees are not required to share lodging. Request

The use of moderately priced lodging is required. Motel/Hotels that offer rooms at government rates must be used, wherever available. Employees attending a seminar or conference may use the host facility, with prior approval by the Executive Director if the rates are above government rates, with justification of the lack of nearby lodging at government rates or the business need to be present overnight at the venue. Lodging will only be reimbursed if it is located more than ~~two hours driving time 50 miles~~ from the employee’s residence or TCD office (whichever is closer), unless necessary for employee safety and approved by the Executive Director. The Executive Director/ Board Auditor has the discretion to make exceptions to accommodate early flight arrangements or attendance at a conference or seminar.

Subsistence

Subsistence reimbursement will be made at the prevailing state per diem rate (U.S. General Services Administration rates <https://www.gsa.gov/travel/plan-book/per-diem-rates>). Employees will be eligible for meals as follows:

J For breakfast, if they are on travel status before 7 am

Comment [SW1]: OFM State Administrative & Accounting Manual 10.30.30.b

-) For lunch if they are on travel status between 11 am and 2 pm
-) For dinner if they are on travel status after 6 pm

When complimentary meals are provided in conjunction with a meeting, conference or seminar, reimbursement will not be made for substitute (per diem) meals unless unusual circumstances are explained to and approved by the employee's supervisor in advance.

Miscellaneous Expenses

Costs associated with vehicles, such as parking fees and tolls, will be reimbursed if reasonable, necessary, and related to District business. The District will not reimburse parking citations or traffic infractions. Wherever possible, receipts should be provided with any requests for reimbursement.

Expenses for telephone, facsimile services, baggage handling, rental cars, and airport limousine services are reimbursable if necessary, reasonable, and related to District business.

Laundry and dry cleaning charges on trips of more than five (5) days are reimbursable. Cleaning charges for accidental clothing damage that occurs while traveling on District business is reimbursable.

Expenses directly related to international travel requirements, such as visas and inoculations, are reimbursable.

Meetings

Expenses incurred in conducting business meetings are reimbursable if properly documented. These include facility charges and meals. Documentation must include the date, business purpose, location of meeting, and names and business affiliations of those attending.

Procedure: The Executive Director and the District Accountant/Treasurer will review each expense reimbursement form and supporting documentation for reasonableness, compliance and approval in accordance with this policy. Additional explanations must be supplied for any item that is not self-explanatory or is unusual.

All reimbursement of business expenses will be requested through the District's Travel Expense Voucher. All employee and volunteer reimbursement requests must be submitted within two weeks of travel, or sooner, if tied to a grant that expires within that time period. All board members reimbursement requests must be submitted within 30 days of travel, unless otherwise arranged through the Executive Director.

Receipts must support all expenses not included in the U.S. General Administration Services (GSA) travel rates (<https://www.gsa.gov/travel/plan->

book/per-diem-rates). Incidental expenses (including parking lot or parking meter fees) without a receipt or lost receipts may be reimbursed at the discretion of the supervisor.

Employees, board members, and volunteers attending the same meeting will generally submit separate claims. Items for which reimbursement is sought must be itemized by date and expense, i.e. meals, phone, facilities, etc. and include the purpose of the trip.

Acceptable documentation includes cash requester receipt or credit card receipt. Detailed billing information provided by the credit card company may be substituted for cash register receipts. Meals that are covered under per diem rates do not submittal of receipts.

Staff Highlights

-) In February, I presented to Thurston County Master Gardeners Association with over 50 attendees about analyzing soil tests, soil health practices, and water management aimed towards gardeners and small producers.
-) Hosting the Orca Recovery Work Party as a follow-up event to Orca Recovery Day was very inspiring! I had fun seeing the communities continued involvement in protecting our southern resident orca whales through habitat restoration. A 5th grade leadership group participated in this event and it was exciting to see how much they cared and the quality of effort they put into the day. Helping facilitate the 2020 Annual Native Plant Festival & Sale was very exciting! I enjoyed seeing our community respond so wonderfully to a day committed to supporting planting native species. Speaking with members of the public about their plans for their native plants was inspiring. The event was extremely successful with over 800 in attendance.
-) Habitat Program Funding Focus this spring: developed and submitted 2 ASRP restoration project development proposals with Mara (\$198,586). Collaborated on WRIA 13 LE salmon habitat restoration proposal submitted with Wild Fish Conservancy and Mara (~\$45,000). Developed and submitted WDFW budget for Skookumchuck Restoration Planting contract with Mara (~\$744,000– pending contract, may be revised.). Working

with Mara and USFWS on developing a funding partnership focused on Oregon Spotted Frog habitat. Supported organizational partners in 3 grant applications (Oly Ecosystems non-profit; Capitol Land Trust ASRP proposal; DNR Community Urban Forestry proposal with Thurston County Parks and community partners– awarded!). Attended 6 meetings including Chehalis Basin, Shellfish NTA workgroup, Thurston County/Ecology PIC and others. Met with Sustainability Coordinator at TESC to discuss organizational intersections/ opportunities to collaborate in the future

-) I got to be a part of this year's Plant Festival and it was great!
-) Coordinated water quality practice testing and water quality field lessons with students and teachers across Thurston County; led classroom-based stream bug labs; planning and coordination for Student GREEN Congress; assisted with Native Plant sale
-) Had over 800 attendees at our Annual Native Plant Festival and sold out of nearly all the plants! Remaining plants were donated to NOVA Middle School and Marshall Middle School through our Healthy Habitat program.
