### **TCD Policy and Procedure Sub-Committee Meeting**

February 15, 2018 Sarah Moorehead, Amy Franks, Linda Powell, Richard Mankamyer

Individual comments on goals for meeting

Agenda Review – nothing to report

Referring to Doug's submitted written notes, Linda points out there is not a formal procedure for addressing, revising, developing procedures. Referred to Policy #7.1 which addresses most of this concern.

Clarifying differences between motions proposed by Richard and policies. Use of acronyms. Sarah will direct staff to use full names instead of acronyms the first time it is used in a document or email in reporting and correspondence. Include this in new hire materials.

Job Descriptions – distribute to board and request to include job descriptions in Board member binders

Policy #6.1.8 Check Signing Policy (see track changes)

Policy #1.2 Board of Supervisor Guidelines and Officer Position Descriptions (see track changes – Auditor section) Revisit Delegation of Authority to District Treasurer, 1.4, to allow expansion of details in Treasurer's report. Use reciprocal language in section 2 of Auditor duties in Treasurer duties. Concerns should be brought up immediately to the ED or AED and if circumstances dictate, the Board. #8. Review public documents request policy and update with recent legislation. Remove 8 and 9 from this policy and bring to whole board.

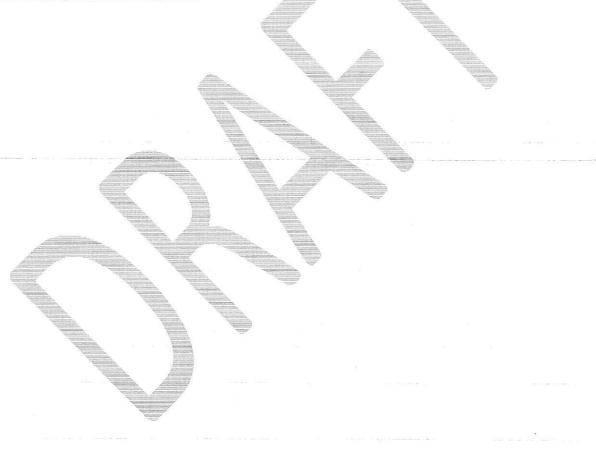

Policy #5.1 Travel Policy (see track changes)

### 6.1.8 Check Signing Policy Effective: PROPOSED DRAFT: 2.15.18

**Purpose:** To establish a check signing process.

**Policy:** All checks will be signed by the Board Auditor and one other Board member. In the event a second Board member is <u>not</u> available, <u>a secondanother</u> Board member may authorize the Executive Director or Acting Executive Director to sign checks. In the event the Board Auditor is not available to sign checks, this duty goes to the Vice Chair, then Board Chair, then any other Board member.

Procedure: If a second Board member must authorize the Executive Director or Acting Executive Director to sign checks, it will be done in writing and a copy will be attached to the check summary authorization form.

### 1.2 Board of Supervisor Guidelines & Officer Position Descriptions

Established: July 28, 2015 Updated: June 6, 2017 SUBCOMMITTEE DRAFT REVISION: 2.15.18

### Purpose:

Conservation District officials serve on a five member Board of Supervisors that consists of three elected and two members appointed by the Washington State Conservation Commission. This Board of Supervisors establishes and implements programs to protect and conserve soil, water, prime and unique farmland, rangeland, woodland, wildlife, energy and other renewable resources on local, nonfederal lands. The following outlines the Roles & Responsibilities governing this Board of Supervisors.

### Policy:

### Supervisor Roles & Responsibilities

- Participate in board meetings on a consistent basis, notifying the chair and/or Executive Director of any anticipated absence(s). This notification with reason for absence will be provided to the chair and/or Executive Director in advance of the meeting.
- Board members may miss no more than four regularly scheduled board meetings in a
  calendar year. The board member will have the opportunity to explain absences. The
  board will then make a decision on how to proceed, based on that information.
- Identify local conservation needs and develop, implement, and evaluate programs to meet them
- Educate and inform landowners and operations, general public, and local, state, and federal legislators on conservation issues and programs.
- Administer the district by delegating tasks through a structure of board officers and
  members, committees, and others. Raise and budget district funds and report on activities
  to the public.
- Set policy and support staff in coordinating implementation of said policy.
- · Solicit funding within community.

All Supervisors are responsible for carrying out the responsibilities of their position in accordance with the Washington Conservation District Law (RCW 89.08) and must comply with all laws and regulations, as well as the guidelines set forth by the Washington State Conservation Commission, and the State and National Associations of Conservation Districts.

These position descriptions are designed as a non-exhaustive overview. They are not anticipated to cover all possible needs or circumstances that may arise. Holders of these offices are expected to use common sense, professional courtesy, and act with respect for other Board Supervisors, Staff, partners, and others. These descriptions and guidelines are intended to be reviewed every three years, or as needed.

### <u>Chair</u>

The chair provides leadership to the TCD Board, and has the following responsibilities and expectations:

- 1. **Leadership**. Guides and directs all processes of governing, centering the work of the Board on the organization's mission and goals.
- 2. **Agendas**. Works collaboratively with the Executive Director (ED) and other Board Supervisors to establish the agenda for board meetings. Other Board Supervisors provide Chair their agenda ideas and the Chair works with the ED to set the agenda so as to avoid ED receiving direction from multiple Board Supervisors.
- 3. **Meeting Management.** Presides over board meetings in a manner that encourages participation and information sharing while moving the Board toward timely closure and prudent decision-making. Meetings are conducted under Robert's Rules of Order.
- 4. Committee Direction. As needed, appoints committee chairs and members, subject to Board approval. Works with committee chairs to align the work of the committees with the mission and goals and planning documents.
- 5. Executive Director Relationship. Serves as the board's central point of official communication with the Executive Director. Develops a positive, collaborative relationship with the ED, including acting as a sounding board for the ED on emerging issues and alternative courses of action. Stays up-to-date about the organization and determines when an issue needs to be brought to the attention of the full Board or committee.
- Executive Director Performance Appraisal. Leads the processes of ED goal-setting, annual performance evaluation and compensation review, in consultation with the Board and district policy.
- Board Conduct. When issues arise, such as instances involving conflict of interest, confidentiality and other District policies, the Chair addresses them with the Board's input, and consistent with their direction.
- Board Learning and Development. Encourages opportunities for the development of
  the board's knowledge and capabilities by playing a central role in orientation of Board
  Supervisors, mentoring a chair-elect and providing continuing education for the entire
  board.
- 9. Succession Planning. Participates in the recruitment of new Board Supervisors and the process of identifying candidates to serve as chair-elect.
- 10. **Annual Summary**. Provides for an effective, objective evaluation process and supports the implementation of recommendations for improvement and effectiveness of the Board. Evaluates his/her performance as Chair, including successes and opportunities for improvement.
- 11. Execution of Documents. Signs all documents authorized by the board, except as otherwise provided by law. Has the authorization to sign routine documents and if there is a question as to what is routine, the Chair will consult with the Board and Executive Director.
- 12. Engagement in District Activities. Participates in District events to the extent possible, particularly the annual plant sale, conservation tour, as well as annual and strategic planning. Encourages other Board Supervisors to participate as well.
- 13. Represents the district, to the extent possible, at events such as Washington Association of Conservation Districts (WACD) regional meetings, WACD annual meeting, meetings and events of others.

### Vice Chair

The Vice Chair supports the Chair in his/her duties, as stated in the Chair responsibilities and expectations above.

- Serves as Chair in his/her absence, if the Chair has recused themselves, or inability of the Chair.
- Assists the Chair with his/her duties, as the Chair and/or Board deems appropriate or necessary.
- Serves as the Auditor in the absence, if the auditor has recused themselves, or inability of the Auditor.

### Auditor

The Auditor is the Board Supervisor who is primarily responsible for financial oversight of the district, and in particular is responsible for the following:

- Review and present monthly check register, noting any and all items of concern or anomaly, and bringing those to the Board at their next regular meeting, or sooner if circumstances dictate.
- 2. Review the monthly Treasurer's Report, as prepared by the District Treasurer, noting any and all items of concern or anomaly and bringing those to the Board at their next regular meeting, or sooner if circumstances dictate.
- 3. Reviews Accounts Payable and signs checks
- 4. Participates in the State Auditor annual reporting process
- 5. Reviews and signs the Executive Director's timesheets, travel reimbursements, and similar documents.
- 6. Participates in the annual budget development process.

The Auditor is the Board Supervisor who is primarily responsible for financial oversight of the district, in cooperation and communication with the Board of Supervisors (Board), and in particular is responsible for the following:

- 1. Review and present monthly check register to the board. All items of concern or anomaly will be discussed with Executive Director and Treasurer, and if not resolved brought to the Board at their next regular meeting, or sooner if circumstances dictate.
- 2. Review the monthly Treasurer's Report, as prepared by the District Treasurer. The Auditor will work with the District Treasurer to create a monthly Treasurer's Report that is easily understood by all. All items of concern or anomaly will be discussed with the Executive Director and Treasurer, and

Comment [SM1]: In communication with the ED & Treasurer to ensure that concerns are well informed. Concerns should be brought up immediately by staff to the Board.

**Comment [SM2]:** And communicating concerns to ED and Treasurer

if not resolved brought to the Board at their next regular meeting, or sooner if circumstances dictate.

Comment [SM3]: And communicating concerns to ED and Treasurer

3. Reviews Accounts Payable and signs checks. This includes ensuring compliance with all District financial policies.

Comment [SM4]: What does review mean specifically? It'll help future Board Auditor's to know what is expected of them during a 'review'

4. Reviews Accounts Receivable, receiving monthly financial reports from the district Treasurer.

Comment [SM5]: Be specific – ex. receiving monthly financial reports and grant reports from District Treasurer

- 5. Participates in the State Auditor annual reporting process due at the end of May for the previous calendar year.
- 6. Reviews and signs the Acting Executive Director or the Executive Director's time sheets, travel reimbursements, purchase orders and similar documents.
- 1.7. Participates in the annual budget development process.

  The Auditor will work with District Treasurer and Executive

  Director or Acting Executive Director to ensure that annual

  budget documents that are prepared are easily understood

  by all and in alignment with Strategic Plan.

### 1.2 Board of Supervisor Guidelines & Officer Position Descriptions

Established: July 28, 2015 Updated: June 6, 2017 DRAFT REVISION: 2.15.18

Purpose:

Conservation District officials serve on a five member Board of Supervisors that consists of three elected and two members appointed by the Washington State Conservation Commission. ### A-1 Land and Water Conservation Fund (Arizona)

**HEARING ACTION: FAILED 4-5** 

### A-2 Crop Insurance Exemption (North Dakota)

Background

Saline soils are a growing problem for farmers, expanding in acreage annually. Production is greatly reduced, especially when planting non-tolerant crops. Even when planting more tolerant crops, yields are reduced. Continuous planting of tolerant crops will use excess water reducing saline areas.

**Proposed Policy** 

**HEARING ACTION: PASSED 9-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports revisions on crop insurance, which will allow farmers to exempt saline areas from crop insurance acreage reporting. This will permit conservation planting of salt tolerant crops to be used as a remediation without requiring it to be insured. Farmers will pay no premium on these acres, will not be eligible for indemnity payments on the saline areas, and will experience no reduction in Actual Production History (APH) on the non-saline areas of the field.

HEARING ACTION: PASSED 8-1 BOARD ACTION: FAILED

### A-6

# Conservation Reserve Program (CRP) Mid-Management Considerations During Natural Disasters Such as Drought, Fires, Floods, etc. (Washington)

### Background

Existing CRP stands meeting the requirements of the contracts signed by producers may be severely damaged or destroyed by natural disasters such as drought, fire, floods, etc. These events may occur after mid-management practices have been implemented and late in the contract life. Producers suffering from these conditions may not have options to regain compliance prior the end of the contract period. This places producers in jeopardy of having their contract cancelled due to the lack of meeting standard requirements. In some cases, repayment of previous contract payments are required by FSA.

**Proposed Policy** 

**HEARING ACTION: PASSED 9-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports the Farm Service Agency (FSA) in changing or enhancing CRP mid-management conservation-practice standards in the case of natural disasters that severely damage previously established CRP-standards.

### A-7

# Conservation Reserve Program (CRP)/Continuous Conservation Reserve Program (CCRP) and Buffer Strips (Michigan, North Central Region)

### Background

The Lenawee County FSA office located in Southern Michigan underwent a review of CRP and CCRP contracts in FY2017. The review team identified buffer strip practices installed along altered waterways used for agricultural drainage, which they determined to be an unacceptable practice. While not specifically noted as unacceptable within CRP and CCRP rules, the determination was upheld by FSA management and has now been rolled out statewide. This decision has resulted in a severe erosion of trust and the removal of buffer strips throughout Lenawee County. The negative consequences to water quality if this decision stands and is implemented across the nation is significant.

**Proposed Policy** 

**HEARING ACTION: PASSED 8-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports clarification by FSA of the interpretation of waterways to include those waterways altered by historical and future drainage practices.

NACD supports buffer strips adjacent to altered perennial creeks, rivers, natural watercourses that are used to convey storm runoff or groundwater from agricultural fields as an acceptable practice within the Conservation Reserve Program (CRP) and Continuous Conservation Reserve Program (CCRP).

NACD supports conservation program integrity by encouraging FSA to create review team selection criteria that includes working knowledge and experience with practices as utilized within the eco-region being reviewed.

### A-8 Regional Conservation Partnership Program (Washington)

**HEARING ACTION: FAILED 1-8** 

# A-9 CSP Sustainability Concept (NACD Legislative Committee)

### Background

The Legislative Committee felt it necessary to have internal policy clearly stating what aspects of Conservation Stewardship Program (CSP) we support.

Proposed Policy

HEARING ACTION: PASSED 7-3 BOARD ACTION: PASSED

NACD supports a separate, simple and transparent incentive-based conservation program that offers longer-term contracts to implement new, and maintain existing, best management practices on working lands.

NACD supports a program that focuses on the adoption of management or stewardship practices while also incentivizing producers moving to a higher level of stewardship.

### A-10 CSP as a Separate Program (NACD Legislative Committee)

### Background

The Legislative Committee felt it necessary to have internal policy clearly stating whether we support having a separate program to accomplish what CSP does.

**Proposed Policy** 

HEARING ACTION: PASSED 7-3 BOARD ACTION: PASSED

NACD supports a separate working lands conservation program offering incentive-based contracts to implement and maintain best management or stewardship practices.

### A-11

### CSP Long-term Aspect (NACD Legislative Committee)

### Background

The Legislative Committee wanted to have a policy that said whether we support the 5 year length of CSP contracts.

**Proposed Policy** 

**HEARING ACTION: PASSED 7-3** 

**BOARD ACTION: PASSED** 

NACD supports the long-term aspect of the Conservation Stewardship Program that offers five-year contracts with the ability to re-enroll for an additional five years.

# A-12 CSP Less Than Whole Farm Option (NACD Legislative Committee)

### Background

The Legislative Committee wanted to have a policy that states NACD's views on the "whole farm" aspect of CSP.

**Proposed Policy** 

**HEARING ACTION: PASSED 10-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports a less than 'whole-farm' option in the Conservation Stewardship Program to provide flexibility. The current requirement for the 'whole farm' to be in the contract can be too burdensome for some producers to enroll all the acres under their control and doesn't provide enough flexibility because one-size-fits-all-doesn't fit every producer's needs.

### A-13

### Succession Planning for Native American Communities to Resolve Highly Fractionated Land Issues (South Central Region Board)

### Background

Following the Dawes Act of 1887 and the Five Tribes Act of 1906, Native Americans were stripped of their ability to communal own land. As a result, many Native Americans agreed to allotment which divided their tribal lands into individual pieces given to those Native Americans determined by a commission to be tribal members. Many of these pieces of land are still held today by the descendants of the original person who was given the piece of land. This land has been passed down throughout generations with no written will which means that the land might be held by literally hundreds of individuals and that no one person has a lease or the title. As a result of not being able to prove their legal right to the land, many Native Americans cannot participate in conservation programs or any farm bill program. There are many programs to

assist socially disadvantaged farmers and ranchers, but until we are able to resolve this issue of land ownership, those programs are essentially closed to a number of Native Americans. This resolution attempts to shed light on the issue of highly fractionated land and to seek assistance through the resolution process to secure additional support for outreach and education to socially disadvantaged farmers and ranchers on the topic of succession planning and family trusts with the long term goal of increasing Native American participation in conservation programs.

**Proposed Policy** 

**HEARING ACTION: PASSED 9-1 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports and advocates for <u>additional</u> funding in the <u>2018</u>-farm bill to provide <u>tribal and</u> socially disadvantaged farmers and ranchers with education, tools, and <u>individuals services</u> to achieve succession planning in an effort to resolve highly fractionated land issues. <del>Specifically, to seek additional funding for this issue through the USDA Department of Advocacy and Outreach.</del>

### A-14 Support Secure Rural Schools Re-Authorization Act (Washington)

### **Background**

The Secure Rural Schools Re-Authorization Act (HR 2340) is a bill before the US House with companion legislation in the Senate (S 1027) that would extend the authorization and funding for critical funding to rural communities affected by loss of revenues from federally managed lands. These funds are commonly referred to as Payment In Lieu of Tax or PILT payments from the federal government to counties with federal lands that do not generate property taxes.

The funds provided in this act help local communities offset the costs of maintaining services and utilities for the benefit of the public. One of the critical components in this legislation is Title III funds. Title III funds may be used for two purposes. The first is for search and rescue costs generally used by county authorities to assist with the search and rescue of persons using or recreating on federal lands. The other authorized expense is to be used for Firewise education and fuels reductions on lands adjacent to and near federal lands.

Title III funds are used by local jurisdictions, including many conservation districts under contract from their county legislative authority, to perform Firewise education events, conduct property evaluations for fire risks, and where appropriate and allowed to cost-share on the removal of fire fuels to reduce the risk of catastrophic wildfires in the wildland-urban interface.

Proposed Policy HEARING ACTION: PASSED 7-3 BOARD ACTION: PASSED

NACD supports passage and full funding of the Secure Rural Schools Re-Authorization Act in both the House and Senate to facilitate the maintenance and funding of FireWise programs.

# A-15 Lasting Impact for a Future Environment (LIFE) (New Jersey)

**HEARING ACTION: FAILED 3-7** 

### A-16 Reforming National Historic Preservation Act of 1966 (Wyoming)

### Background

Guidance, rules and agency interpretation of the NHPA has evolved since initial passage of Act. Current interpretation and application of the Act have resulted in significant increase in project cost and project delays local, state and federal agencies and intrusion into private property information for landowners.

**Proposed Policy** 

HEARING ACTION: PASSED 10-0 AS AMENDED

**BOARD ACTION: PASSED** 

NACD <u>will pursuesupports</u> guidance, rules and if necessary Congressional action to bring reforms to the National Historic Preservation Act of 1966 (NHPA) that protect private property rights from federal overreach and expedite the NHPA approval process and tribal consultation timeline.

### A-17

USDA-NRCS Allowance of Conservation Districts to Hold and Monitor Federal Program
Easements of Conservation Officials

### B-1 Conservation Reserve Program Data Sharing Agreements (Minnesota)

### Background

The Conservation Reserve Program (CRP) is administered by the USDA Farm Service Agency (FSA) with technical assistance from the USDA Natural Resources Conservation Service (NRCS). CRP is a voluntary program for agricultural landowners where annual rental payments and cost share assistance is provided to establish long-term, natural resource conservation practices on eligible farmland.

Conservation districts have the general mission to provide technical assistance with protecting our natural resources and enrolled CRP lands can provide multiple benefits to assist with this mission. Conservation districts also have a unique partnership with NRCS.

Various conservation district responsibilities require coordination between local and federal agencies to include knowing field locations and time commitments provided under CRP contracts. Leveraging federal funds and knowing where CRP is located on the land will also assist conservation districts in implementing local watershed based comprehensive plans.

We do acknowledge that the FSA and NRCS have a responsibility to ensure that CRP information is not directly released to the public and that CRP information is used in an appropriate manner. Current FSA policy for sharing CRP information with conservation districts is inconsistent at the field office level. The FSA process to provide and explain USDA landowner release forms for CRP data is also inconsistent.

**Proposed Policy** 

HEARING ACTION: PASSED 6-0 AS AMENDED

**BOARD ACTION: PASSED** 

NACD supports the FSA and NRCS developing national and/or state agreement templatesguidelines with conservation districts to allowenhance the sharing of CRP contract information between USDA, landowners and districts for improved conservation delivery.

B-2 Wetland Delineations (Ohio, North Central Region)

**HEARING ACTION: FAILED 3-3** 

### B-3 NRCS Ability to Fill Vacant Positions (North Carolina)

Background

North Carolina took action to support NACD's efforts in getting the hiring freeze lifted and add protection for future freezes that would limit NRCS's ability to provide technical assistance on the field office level.

**Proposed Policy** 

**HEARING ACTION: PASSED 6-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports NRCS filling vital conservation technical assistance positions and vacancies, vital to putting conservation on the ground even during hiring freezes. Current Policy

B-4

Change in US Tax Law Designating Boards and Commissions as State Employees (North Carolina)

HEARING ACTION: PASSED 6-0 TO CONSENT CALENDAR

### B-5 NRCS State Technical Assistance Funding Formula (Kentucky)

Background

National Conservation Partnership goal is the planning and implementation of appropriate conservation practice standards to protect the resource concerns on the nation's agricultural lands.

Conservation programs are truly Locally-Led and many local conservation districts and state conservation agencies provide resources to both plan and implement conservation practices that meet NRCS technical standards and specifications to solve needed resource concerns.

Non-federal conservation program practices should be included in the USDA reporting system and used in determining the state level funding for NRCS where appropriate.

The leveraging of conservation financial assistance dollars at the national, state, and local levels are important to the overall success of the Nation's Conservation Partnership and important to addressing resource concerns on agricultural lands, the technical assistance is just as important.

**Proposed Policy** 

**HEARING ACTION: PASSED 4-2 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD supports continuing to improvinge the TA funding allocation formula to states for the Conservation Technical Assistance (CTA) Program to include consideration of local and state programs as a part of their workload.

# B-6 Expired Cooperative Working Agreements (Louisiana)

### Background

The Cooperative Working Agreements between USDA's Natural Resources Conservation Service (NRCS) and the local soil and water conservation districts expired in December 2016 and the state conservationists have not received authority to execute new agreements with the local soil and water conservation districts.

President Franklin Roosevelt recognized the importance of local input in achieving a successful nationwide conservation effort provided a model Soil Conservation District Law to the state Governors in 1937 that provided the framework for establishing local soil conservation districts as a local unit of government with specific authorities and responsibilities for leading conservation efforts.

These soil and water conservation districts work in a cooperative partnership with USDA's NRCS to set local priorities, provide staff support, and deliver conservation assistance to a wide range of agriculture and forest producers having diverse resource concerns and objectives.

This shared Federal, State, and local governments cooperative partnership has been memorialized through Memorandums of Understanding and Cooperative Working Agreements formalizing the relationship and sharing of resources resulting in over 75 years of successful service to our mutual customers and the conservation and protection of the natural resources under their stewardship.

**Proposed Policy** 

**HEARING ACTION: PASSED 6-0 AS AMENDED** 

**BOARD ACTION: PASSED** 

NACD will assess supports an assessment of the status of expired cooperative working agreements between local soil and water conservation districts and the USDA's NRCS, and encourages NRCS to establish a process for all agreements to be updated by September 30, 2018.

### Federal Emphasis on Urban and Community Conservation (NACD Natural Resource Policy Committee)

### Background

This is replacement for policy recommended for removal by the NRPC. Conservation districts are not often recognized as local sources of natural resource management expertise in urban and community initiatives. NACD needs policy that enables the organization to seek inclusion of conservation districts in such initiatives.

**Proposed Policy** 

**HEARING ACTION: PASSED 12-1** 

**BOARD ACTION: PASSED** 

NACD supports federal agencies placing emphasis and resources on the needs of urban/suburban regions and to work with local conservation districts to provide technical assistance for the demonstration of urban/suburban conservation techniques.

C-2

### NRCS Authorization for Urban and Community Services (NACD Natural Resource Policy Committee)

### Background

This is replacement for policy recommended for removal by the NRPC. There have been many attempts over the years to reduce NRCS' services to just agriculture. The agency's expertise is of value to all natural resource management. NACD needs policy that enables the organization to respond to similar limitations.

**Proposed Policy** 

**HEARING ACTION: PASSED 11-3** 

**BOARD ACTION: PASSED** 

NACD supports NRCS' continued authorization and funding to provide conservation technical assistance and natural resource information to urban and community areas through conservation districts.

C-3

### BMPs Required for Infrastructure Projects (NACD Natural Resource Policy Committee)

### Background

This is replacement for policy recommended for removal by the NRPC. Rules and regulations can be rescinded at any time. NACD needs policy that enables the organization to support the requirement for conservation BMPs when federal funding is used for infrastructure projects.

**Proposed Policy** 

**HEARING ACTION: PASSED 11-3** 

**BOARD ACTION: PASSED** 

NACD supports that infrastructure projects involving federal funding should continue to be designed and monitored using best management practices to control runoff and allow infiltration where practical and feasible.

### C-4

### Support Legislative Initiatives for Urban and Community Conservation (NACD Natural Resource Policy Committee)

Background

This is replacement for policy recommended for removal by the NRPC. Over the years, there have been proposed bills for conservation efforts such as green infrastructure, community forestry, urban agriculture and more. NACD needs policy that enables the organization to seek inclusion of conservation districts in such bills.

**Proposed Policy** 

**HEARING ACTION: PASSED 12-1** 

**BOARD ACTION: PASSED** 

NACD supports legislative initiatives that increase capacity of conservation districts to deliver urban, community and coastal conservation services.

### C-5 Forest Management

(NACD Natural Resource Policy Committee)

### Background

The resolution is a proposed update for Policy 21.B.11. Wildfire spending continues to cripple agency budgets, limiting (and in some cases prohibiting) agencies like the Forest Service from investing in pre-fire forest management and other resource investments authorized through existing federal programs. The intent of the revision is to eliminate specific dollar amounts that no longer are relevant to the discussion surrounding wildfire spending.

### Proposed Policy

**HEARING ACTION: PASSED 13-1 TO AMEND 21.B.11** 

**BOARD ACTION: PASSED** 

### **NACD supports:**

- a. Legislation that includes provision for the use of off-budget funding sources (similar to FEMA funding for natural disasters) when USDA or USDI wildfire suppression expenses exceed 70% of the 10 year average.
- b. Congressional authorization to increase funding for the practices of prescribed burning, forest thinning, and other activities designed to reduce fuel loads.
- c. Coordinated capacity funding for collaborative efforts to engage forest land managers on a local and regional scale.
- d. Full executive branch support through policy and funding requests to implement locally developed prescriptive management plans for federal, state, tribal, and private forest lands.

### Restoring State Ownership of All Non-federal Trust Species of Wildlife (Wyoming)

HEARING ACTION: PASSED 14-0 TO CONSENT CALENDAR

C-7
Wild Horse Management
(Wyoming)

### Background

Wild horse numbers continue to increase beyond appropriate management levels causing natural resource damage. The Bureau of Land Management (BLM) has been unable to properly manage the number of horse to appropriate heard management areas. The holding facilities for horses have exceeded capacity and the cost to the agency and the taxpayers is extreme.

**Proposed Policy** 

HEARING ACTION: PASSED 14-0 AS AMENDED TO REPLACE 17.P.12

BOARD ACTION: PASSED AS AMENDED

NACD supports the spaying and neutering of all-wild (feral) horses and burros that are gathered irrespective of their final destination (adoption, holding facilities, turned back on range) to help reduce the number of wild (feral) horses and burros to within the Appropriate Management Level (AML) as scientifically determined by Federal agencies and to protect natural resources.

C-8

Promote Agency Policies to Limit the Spread of Invasive Species (Montana)

HEARING ACTION: PASSED 14-0 TO CONSENT CALENDAR

C-9

Certification of Range Management Professionals (Arizona)

HEARING ACTION: PASSED 14-0 TO CONSENT CALENDAR

C-10 Soil Health (North Dakota)

HEARING ACTION: PASSED 14-0 TO CONSENT CALENDAR

### **CONSENT CALENDAR**

### A-17

USDA-NRCS Allowance of Conservation Districts to Hold and Monitor Federal Program
Easements of Conservation Officials
(North Carolina)

### Background

Members of Soil and Water Conservation District Boards should be leaders in the programs supported by the Districts. Soil and Water Conservation Districts in NC have expanded their roles by holding easements for the protection of working lands. It is our understanding that USDA-NRCS is considering policy that would restrict Districts from holding and conducting the monitoring on easements (FRPP) placed on land owned by a Soil and Water Conservation District Board member. In effort to promote protection of private working lands, not restrict Districts capacity to hold easements and allow District officials to participate in the programs they promote, we request NRCS to reconsider this rule and allow Conservation Districts to hold easements granted under federal programs.

### **Proposed Policy**

NACD supports the USDA-NRCS accepting and providing assistance to supervisors interested in participating in any program that could assist with the local soil and water district legally holding and monitoring USDA-NRCS conservation easements on working lands.

### B-4

### Change in US Tax Law Designating Boards and Commissions as State Employees (North Carolina)

### Background

North Carolina recently received an audit by the federal IRS. Results of this audit brought forth an interpretation of IRS Tax Law that states are required to consider all state boards and commission members to be employees of the state, for federal taxation only. In the past, NC has considered members of its boards and commissions as 1099 payees. By requiring these members to be considered state employees, states must have on file an I-9 and W-4s must be submitted. This requires additional release of personal information from those serving. In addition, mileage and meal subsistence for day travel is to be considered a fringe benefit and now is taxable along with stipends.

### **Proposed Policy**

NACD supports changing the US tax law so it no longer considers state board and commission members as employees of the state, and expense reimbursements are not taxable as income.

### C-6

### Restoring State Ownership of All Non-federal Trust Species of Wildlife (Wyoming)

### Background

The Supreme Court in early rulings affirmed state ownership of wildlife. Recent federal and supreme court decisions that reverse earlier decisions has resulted in oppressive regulation, taking of private property, elimination of jobs, increase cost and severe negative economic impacts to local, regional and state economies. Through numerous acts congress has recognized the sovereign right of state to manage wildlife on federal lands.

### **Proposed Policy**

NACD supports Congressional action to reaffirm that all species of wildlife are property of the states unless designated differently by a specific act of Congress.

# C-8 Promote Agency Policies to Limit the Spread of Invasive Species (Montana)

### **Background**

It is a concern of all citizens to limit the spread of invasive species and the goal of everyone who works on the land to leave it in better condition than when we arrived. Many state and federal management agencies perform field work with trucks, watercraft, utility vehicles, ATVs, trailers and equipment on public and private lands and off-road travel is a known mechanism for the spread of invasive species. It is becoming a common message and accepted practice for private land owners to require that vehicles be cleaned before entering. It is now mandated and commonly accepted to clean, drain, and dry watercraft when moving between waterbodies. Preventing the introduction of invasive species is the most economical and best choice of management options for natural resources and the US economy.

### **Proposed Policy**

NACD supports federal agencies creating, implementing and periodically reviewing policies for cleaning vehicles, equipment, and watercraft that travel off-road or move to different waterbodies in order to minimize the chances of spreading invasive species when conducting fieldwork.

# C-9 Certification of Range Management Professionals (Arizona)

### **Background**

Ranchers and other landowners in Arizona's Conservation Districts, and Tribal Soil and Water Conservation Districts are directly affected by the professional qualifications of government employees and contractors who provide technical input and decision making to rangeland assessment, management planning, environmental analysis, and government policies regarding livestock grazing, and

Although the requirement for special expertise is recognized and required for many actions (e.g. soil surveys, archaeological clearances, fire control) range management planning and decisions have often been done with little or no input by qualified range professionals, and

Without certification, there is a tendency for agencies to more loosely interpret what constitutes qualifications as a "range specialist" or "resource specialist", and

The Society for Range Management has a program (Certified Professional In Range Management-CPRM) for certification of range management professionals, with minimum standards for educational background and actual experience plus required adherence to a code of ethics and standards of professional conduct.

Furthermore, AACD takes these positions because it is our ranching members, local economies, the tax base, and local culture that pay the price when plans and decisions are based on inadequate professional qualifications.

### **Proposed Policy**

### **NACD supports:**

- 1. Local, state, tribal, and federal government agencies engaged in administration of or technical assistance on rangelands should:
  - a. Insure an adequate number of qualified range specialists to carry out this mission.
  - b. Require or give preference to CPRMs applying for range management positions.
  - c. Support continuing education and professional activity by those in range management positions.
  - d. Require that a CPRM have a major role in any data collection or interpretation, environmental assessments, management planning, monitoring and decision making that involved rangelands. As a minimum, a CPRM should review all such documents and the review comments made part of the document.
- 2. Credentials of all consultants and contractors performing duties similar to those above, whether employed by government and tribal agencies or private entities, should be CPRMs or should have at least the equivalent level of qualifications.
- 3. Individuals or groups that volunteer to furnish data to land management agencies or other interests should have the protocols, data and any interpretation of data reviewed and approved by a CPRM or equivalent.

### C-10 Soil Health (North Dakota)

### Background

Improved soil health is a long-term goal of all conservationists that increases percolation, reduces runoff and erosion, and increases yields.

NACD supports the five core principles of soil health: 1) maintain soil cover, 2) minimize soil disturbance, 3) increase plant diversity, 4) maintain continued live plant and roots, and 5) integrate livestock.

# MEMO

To: TCD Board of Supervisors

From: Sarah Moorehead (Acting Executive Director)

Date: February 27, 2018

**Subject: TCD Minutes Format** 

For the present, Staff has continued with action-oriented minutes, as requested at the 1.9.18 Special Board meeting, inclusive of partner reports and discussion within motions. Please see sample minutes from Whatcom CD, provided by Shana Joy, as an example of a minutes format used by another district.

A discussion by the Board is needed for Staff to proceed. Please provide Staff with clear direction, so we can best support the Board.

#### WHATCOM CONSERVATION DISTRICT **Public Meeting Minutes** October 11, 2017

#### 1. Time and Place of Meeting.

A regular meeting of the Board of Supervisors of the Whatcom Conservation District (WCD) was held at the Ag Service Center, 6975 Hannegan Rd, Lynden, Washington on October 11, 2017, at 9:00 a.m.

#### II. Attendance and Quorum.

The following Supervisors, being a quorum of the Board, were present:

Larry Davis, Vice-Chair Heather Christianson

Joe Heller, Treasurer Theresa Sygitowicz

Also in attendance were:

George Boggs, Executive Director Dawn Bekenyi, Admin. Assistant

Alex Hall, NRCS staff Shana Joy, WSCC

#### III. Meeting Called to Order.

Larry Davis, Vice-Chair, called the meeting to order at 9:10 a.m.

#### IV. Public Comment (written or in person).

There was no public comment either in writing or in person.

#### V. Ten Mile Watershed Assessment Project Presentation.

Nichole Embertson and Meagan Harris gave the Board a presentation on the Ten Mile Watershed Assessment project.

#### VI. Consent Agenda.

The Board adopted a consent agenda for approval of the previous meeting minutes, financial report and accounts payable. The financial report was mailed to the Board with their draft minutes from the June meeting. Dawn Bekenyi, Administrative Assistant, presented the financial report. A copy of District invoices and incurred expenses, as listed in the Accounts Payable Report, were reviewed and approved. The Board further authorizes the payment of District expenses incurred subject to their review and approval at the next Board meeting.

Theresa Sygitowicz moved to approve the consent agenda: minutes of the June 8, 2017 Board meeting as mailed, the financial report and authorize payment of District invoices and incurred expenses (below), as listed in the Accounts Payable Report. The Board further authorizes the payment of District expenses incurred subject to their review and approval at the next Board meeting. Joe Heller seconded the motion. The motion passed. (One abstained from vote.)

The following voucher/warrants are approved for payment:

Sept 2017 - balance

Voucher (check) numbers	25276	through	25282	and totaling	9,295.45
Payroll check numbers:	25283	through	25303	and totaling	45,239.61
Voucher (check) number	25304			and totaling	150.00

12/28/17 20171011 minutes Minutes approved as mailed at the December 21, 2017 Board meeting.

October 2017	<u> </u>	····	*****		
Payroll check numbers:	25305	through	25325	and totaling	44,210.04
Voucher (check) numbers	25326	through	25348	and totaling	44,027.86

#### VII. Action Items.

#### A. WA Woodlands Co-op.

Joe did some research on the Washington Woodlands Co-op. He suggested that the Board support the group, but felt no need to be an associate member.

Joe Heller moved that the Whatcom Conservation District support the work of the Washington Woodlands Co-op, but not become an associate member. Theresa Sygitowicz seconded the motion. The motion passed.

#### B. Approval of Contracts.

<u>Washington State Conservation Commission (WSCC) Grant Addendum</u> –

The Whatcom Conservation District administers the Center for Technical Development (CTD) for

the WSCC. The WSCC is providing \$150,000 in funding for the activities for the CTD. Activities include: certification, training, planning tools and templates, communications and outreach, technical expertise, science and effectiveness monitoring, quality assurance and CTD coordination.

Theresa Sygitowicz moved to approve the scope of work grant addendum for the CTD in the amount of \$150,000 as outlined. Larry Davis seconded the motion. The motion passed.

#### C. November Board Meeting Date.

The Board confirmed that November 9 at 1 pm would work for the Board meeting time and date to be published in the Bellingham Herald as the meeting to adopt the election resolution.

Theresa Sygitowicz and Dawn Bekenyi were selected to review the election process and provide input to the Board for the election resolution. They will have a memo addressing any concerns and proposed actions for the Board meeting packet.

#### D. Line of Credit.

In anticipation of approval of the Line of Credit at Peoples Bank, the Board authorized accessing the funds to purchase large equipment for the Edge of Field Project.

Joe Heller moved authorization to access the line of credit to access funds used for the purchase of Edge of Field project equipment to be signed by Chair and/or Exec Director. Theresa Sygitowicz seconded the motion. The motion passed.

#### VIII.Other Business.

#### A. Alex Hall, Natural Resources Conservation Service (NRCS).

Environmental Quality Incentives Program (EQIP) -

Alex gave a five-year review on the programs and cost-share activities in Whatcom County.

National Water Quality Initiative (NWQI) -

The sign-up deadline for the NWQI is in March 2018.

Staffing --

Alex talked about the workload and limited staffing at the Lynden field office. There was discussion about opportunities for the hiring staff through a Task Order.

#### B. Supervisors.

#### Heather Christianson -

Heather attended the CRM tour that the District hosted. The partners were supportive of the Conservation District programs.

Heather mentioned a conflict for the December Board meetings regular time. The December Board meeting was rescheduled to December 21, 2017 at 1:00 p.m.

#### Joe Heller -

Joe discussed his health concerns and how they impact his participation on the Board.

#### Larry Davis -

Larry has attended or plans to attend all of the Washington Association of Conservation Districts (WACD) area meetings.

The Board discussed the resolutions to be reviewed at the NW Area meeting. Topics included dues and voting during the annual meeting.

#### Theresa Sygitowicz -

Theresa attended the WSCC meeting in Republic with George Boggs.

Theresa put together some bags for the participants of the CRM tour. They were well received.

#### C. George Boggs, Executive Director.

#### CRM Tour -

George reported that 30 people from different agencies from around the state attended. Representatives from the Governor's office would like to bring other people up to Whatcom County for a tour. George provided some highlights of the tour, including positive outcomes such as opening the shellfish beds in Drayton Harbor and farmers providing input talking about what they have done. Part of the tour was the Edge of Field monitoring that show the importance of farm programs and the research that District staff is doing. Nichole Embertson, Aneka Sweeney and Frank Corey gave presentations.

#### Critical Areas Ordinance (CAO) -

The CAO is being reviewed. Whatcom County has scheduled a public hearing about the proposed changes. One issue is about who has to have a farm plan. Exemptions were discussed. George gave testimony regarding the simple checklist for less than one acre that was accepted in the 2005 CAO. George reported that there has not been one referral from Whatcom County Public Works for any youth that have livestock.

George will attend the upcoming Farm Bureau meeting where they will discuss the CAO proposed changes.

#### Staffing -

Per Board direction George informed the Board that Dawn got some part-time help to assist her with her workload.

#### D. Shana Joy, WSCC.

Shana reported that the Washington State Conservation Commission is working on streamlining grant paperwork.

The WSCC has made a change for the appointed position on Conservation District Boards to clarify that the person is either a landowner or farm operator.

The CPDS system upgrade is not ready yet for Conservation Districts to start using it. During testing they found some bugs. Shana said it will take a while to make it ready to go.

#### IX. Record of Board Actions.

17-75 Theresa Sygitowicz moved to approve the consent agenda: minutes of the June 8, 2017 Board meeting as mailed, the financial report, authorize payment of District invoices, and incurred expenses (below), as listed in the Accounts Payable Report. The Board further authorizes the payment of District expenses incurred subject to their review and approval at the next Board meeting. Joe Heller seconded the motion. The motion passed. (One abstained from vote.)

The following voucher/warrants are approved for payment:

Sept 2017 - balance					
Voucher (check) numbers	25276	through	25282	and totaling	9,295.45
Payroll check numbers:	25283	through	25303	and totaling	45,239.61
Voucher (check) number	25304			and totaling	150.00
October 2017		_	-		
Payroll check numbers:	25305	through	25325	and totaling	44,210.04
Voucher (check) numbers	25326	through	25348	and totaling	44,027.86

- 17-76 Joe Heller moved that the Whatcom Conservation District support the work of the Washington Woodlands Co-op, but not become an associate member. Theresa Sygitowicz seconded the motion. The motion passed.
- 17-77 Theresa Sygitowicz moved to approve the scope of work grant addendum for the CTD in the amount of \$150,000 as outlined. Larry Davis seconded the motion. The motion passed.
- 17-78 Joe Heller moved authorization to access the line of credit to access funds used for the purchase of Edge of Field project equipment to be signed by Chair and/or Exec Director. Theresa Sygitowicz seconded the motion. The motion passed.

#### X. Adjournment.

There being no further business before the meeting, Theresa Sygitowicz moved to adjourn the meeting at 11:20 a.m. Larry Davis seconded the motion. The motion passed.

On motion duly made, seconded and carried, the meeting adjourned at 11:20 a.m.

Dated: December 28, 2017	
	Dawn Bekenyi, Administrative Assistan
Approved:	<u> </u>

Eric Johnson called the meeting to order at 1:00pm. There was a quorum.

 Richard moved to cancel the meeting. Chair seconded. Discussion: Chair clarified Board will not be able to take action on action items, policies, and procedure changes (Policies 1.3 & 1.4: Delegation of Authorities to Acting Executive Director (AED) and Treasurer, respectively) because not clearly defined on Agenda released to public; Phillips-Burgess representative, Armand Resto-Spotts, explained he gave Board legal opinion stating concern that 'action items weren't spelled out' in Agenda released to public and Board would not be in compliance if they tried to take action on those agenda items; Can proceed with the rest of the agenda, and can even discuss those Agenda Items of concern but should not take action. Vote: Richard & Chair in favor. Samantha, Linda, & Doug opposed. Motion failed.

Chair called for motion regarding Board Supervisor proxy or telephone voting; Board, Staff, and Legal representation discussed statute, precedence, and lack of TCD policy and procedure allowing Board Supervisors to participate and/or vote in meetings via phone; No motion came forth; Chair tabled any Board Supervisor proxy or telephone voting until legal counsel review and advisement and/or development of TCD Policy & Procedure allowing such

#### 1. Welcome, Introductions, Audio Recording Announcement, and Pledge of Allegiance

- Chair announced start of meeting at 1:20pm
- Welcome, Introductions, & Pledge of Allegiance conducted

#### 2. Public Comment

- Chair announced five minutes on Agenda for public comment
- Steve Morrison: Good evening. My name is Steve Morrison. I am on the WRIA 13 watershed restoration process. I understand you have an item on the agenda regarding number five, an executive session. Is that still on your agenda today? Eric Johnson: We have two executive sessions on the agenda at this point. One is to,.. Steve Morrison: That is

 usually a yes or no answer; Eric Johnson: Yes; Steve Morrison: Thank you very much. I'd like to point out that I've been on the lead entity process, not since it began, but since 2002. I've seen a lot of things happen. I was there first as staff for a great period of time; I'm now there as a citizen, representing myself and the interests of Thurston County in restoring watersheds. I understand that there is a question about, I guess one would call it a conflict of interest. And I'd like to point out that this is the very first time that myself and the watershed committee has heard about this. I understand that there was also a process to investigate that. I've certainly not been approached. And there are four of us citizens that are sitting here that know quite a lot about what has happened recently. You know, we teach our kids in Sesame Street to notice things that are the same. Oh, they have the same names! Oh, that's nice! Well, issues of conflict of interest are more than similarities like that. I'd like to point out to you that the policies that you have instituted, that lead entity process prohibit a lot of the things that I have seen innuendo-ly addressed in this situation. I'd like to say we never had issues as purported come forth and have a problem. We understand that there are individuals that have same names that have different roles and responsibilities. They are professionals. They do a professional tob. They address issues of conflict as we would in the judiciary. As I have in sitting on the state shoreline hearing board as a county representative. I would like to point out that your procedures prohibit conflicts. Amy Hatch-Winecka is our Lead Entity Coordinator. She is related to an individual that is with the South Sound Salmon Enhancement Group. Those are different groups. We have citizens on the committee. We have review of that process, but I'd like to point out she is very procedurally oriented, making sure that people know that this is an issue. She brings it up at the meeting and she re-crews herself from evaluation of any of the reports/projects that go through, I've been with the committee for a very long time. I am very disappointed in the board's not approaching any of the members of the board to find out what truth is and what facts are. It's easy for innuendos, but I really think you're looking at a witch nunt here. I want the board to recognize that your actions do have implications. Lead Entity Process has been with the board for quite some time and has found a nice home here; however, your actions do have implications. I hope you realize that in your process. I will lend the rest of my time to others here that I see would want to speak towards that. Thank you very much. Do you have any questions?

- Ron-Holtcamp: My primary interest in being here today is to find out what the board may have as far as a strategic plan relative to the lack of rates and charges being adopted.
- Scott Steltzner: Scott Steltzner, Environmental Program Manager with the Squaxin Island Tribe. I want to point out that the tribe represents one of the statutory conveners of the Lead Entity. Remind the board the purpose of the Thurston CD is the fiscal agent. That's your job. That's what you [inaudible] to do. If there are things going on, and the tribe does not involve itself in personnel issues as far as administrating the fiscal portion of what you're doing. But we do involve ourselves in how the Lead Entity works. And were very concerned about, that this is a process that is transparent, that is open, and that is functional. Thank you.
- Rich Doenges: Rich Doenges. I'm the Section Manager for Water Quality and Department of Ecology. My purpose coming here today is just to note the great working partnership the Department of Ecology and Southwest Region Water Quality has had with the Conservation District. Your staff had worked with us and done excellent work at Henderson Inlet, Nisqually Reach, and the Deschutes Watershed. Our progress in improving water quality is a direct result of the partnership that you have here. And the reason I'm here today is I just recently learned about your financial woes and it's going to

- be a tremendous loss. So, I'm encouraging supervisors here to take every action they can to restore funding and to the best of their ability, pursue grants. Let us know what we can do to help. We may not have money, but maybe we can help in other ways. And also, to repeat a cliché, as every organization, that the strength of an organization is its staff, and it's the people that work for the organization, and so I'm sure you're facing tough choices what to do with insufficient resources. Again, I want to encourage you to make every effort to keep your trained and experienced staff working for you. Because their loss will be a loss to the community. Thank you.
  - Chair invited any other public comment to be submitted in writing

#### 3. Agenda Review, All

 Discussion on removing Agenda Action Items #11: Delegation of Authority to AED and District Treasurer; Board decision to keep on Agenda

#### 4. Partner Reports

- A. NRCS, Jeff Swotek
- Environmental Quality Incentive Program (EQIP) Update: 39 applications in Round one; Round two applications due March 16<sup>th</sup>
- B. WSCC, Shana Joy
- Shared concern about open public meeting act due to appearance three Board Supervisors appear to have decide how today's meeting will go, to exclusion of other two Board Supervisors; Continues to be concerned, as stated in 11-1.17 letter
- Stu Trefry: Never seen an environment like this in a conservation district board; On the record stating, Board should be ashamed of themselves and hopes that as we move forward you can figure out how to cooperate with each other, protect this district, keep your eyes on the district, and what the district is authorized to do.
- C. NACD/WACD, Doug Rushton
- NACD: Annual Meeting January 27-31 in Nashville, sign up for that; WACD: Annual Meeting November 27-29 in Kennewick; Welcomed and invited comments from new WACD Executive Director (ED), Patricia Hickey
- Patricia Hickey: Worked with conservation districts her whole life; Believes in districts as community builders and local institutions; Thurston CD is her district, as a homeowner; Hopes we can work through issues; Open-door policy to help and be supportive; Working closely with WSCC, NRCS, and other partners and hopeful for productive future

#### 5. Executive Session: To Evaluate a Complaint/Charge with Potential for Litigation

- Executive Session commenced at 1:50pm for 30 minutes, with Board Supervisors and legal counsel (Mick Phillips) in attendance
- Board exited Executive Session and returned to public meeting at 2:00pm and announced no decisions were made

#### 6. Executive Session: To review the Performance of a Public Employee

140 Chair moved to get rid of Executive Session to review performance of a public employee.

141 Linda seconded. No Discussion. Vote: All in favor. Doug noted on record as unable to vote via phone. Motion passed.

- Board and legal counsel discussion and decision to skip and come back to upcoming Action
   Items on Agenda for remainder of time scheduled for Executive Session
- 146

# 11. <u>Delegation of Authority to Acting Executive Director & Treasurer Discussion</u>, All – Action Items

- Board discussed TCD policy changes/new policy development being a process inclusive of full Board, AED, legal counsel review, and Enduris review; Board discussed Procedures for updating/creating new TCD policies and this currently being a delegated authority to the AED, with Board support; Staff input that having clear procedures for the proposed policy changes is helpful for Staff and for district operations to continue
- Samantha Fleischner: On the record stating, she is opposed to how proposed policies were distributed and how we are not functioning as a board; Five people on TCD Board, and two Supervisors decided to take it amongst themselves and rewrite two policies, for Delegation of Authority to two TCD Staff members
- Board decision for Supervisors to provide comments/feedback on proposed policy changes, and submit to AED for compiling; Discussed whether or not to allow Staff comments/feedback on policies; No clear consensus reached

■ Board and Staff briefly discussed public comment letter received from RCO; Chair affirmed Board can provide a requested response by December 20<sup>th</sup>

#### **Board Meeting Minutes Review**

#### February 28th Minutes

- Shana Joy advised not to add a note to the minutes stating the vote for the January check register was inaudible on the audio recording; Does not constitute clear public record of all district proceedings; Recommended readdressing the January check register
- A. September 26, 2017, Regular Meeting Minutes
  - Skipped previously due to removal of Executive Session from Agenda

Samantha moved to approve the September 26, 2017 Monthly Board meeting minutes. Linda seconded. Discussion: Richard and Eric have not reviewed them yet. Vote: Linda & Samantha in favor. Richard & Eric Opposed. Doug noted on record as unable to vote via phone. Motion failed.

#### B. November 1, 2017 Regular Meeting minutes

Tabled by Chair

#### Financial Report

#### B. November Check Register

- ► Skipped previously due to removal of Executive Session from Agenda
- Board requested clarification on the purpose of several checks

Chair moved to approve check #s19400-19436 totaling \$111,115.56, no voided checks.

Linda seconded. and it looks like no voided checks? Okay, I just need a second. Discussion:
Clarified Board Auditor can vote on finance-based motions but cannot make the motion.

Vote: Eric, Samantha, Linda, & Richard in favor. Doug noted on record as unable to vote via phone. Motion passed.

- Board discussed updates to AED and Treasurer Delegations of Authority: Richard providing editable document for comment/feedback, timeline for feedback, which meeting Board will discuss proposed policies at, and need for legal, WSCC, MRSC, Enduris review
- Richard Mankamyer: On the record stating, under the current Delegation of Authority to the District Treasurer, as the auditor, there is not a whole lot he can do; Does not feel comfortable signing checks under the current Delegation of Authority to District Treasurer; Board and Staff discussed how to continue to work together to provide Richard with resources, update policies, and ensure checks are signed to cover District bills
- Board decision to have all comments on the two proposed Delegation of Authority policies submitted to Sarah by December 18<sup>th</sup>; Sarah will compile and share with Board for discussion at their December 19<sup>th</sup> WSCC meeting; Board decision to move December Board meeting from December 12<sup>th</sup> to December 20<sup>th</sup>; Board Chair will come in
- Action Item Summary: Creating draft policy for board members to participate in meetings via phone; Providing draft MOU and resolution for 2018 election and doing the appropriate advertising; Chair and AED will finalize December 20<sup>th</sup> Board Meeting Agenda week of December 11<sup>th</sup>; Staff will reach out to other District's re: Policies on telephonic meeting participation
- Board decision for Chair to sign district checks on behalf of the District Auditor next week.
- ED Report highlights: TCD Legislative Conservation Tour on December 15<sup>th</sup>; Lack funding to continue Natural Resource Technician hiring process; Kathleen Whalen, Executive Director, retired as of last Friday and will be planning celebration of her 22-year career at TCD; Provided letter to Board in response to letter from WSCC; Summarizes steps implemented at Staff level to fold into Action Plan WSCC is requesting

Richard moved to adopt Motion #11-013018. Linda seconded. Discussion: Unclear if developing new policy or supplementing existing policy; Clarification that policy purpose is to allow only Board to sign checks because Board is ultimately-responsible, and remove authorization for TCD's CPA to sign checks; Concern expressed regarding needing to ensure that having internal signatures only and eliminating external/ non-biased oversight does not violate State Auditor requirements, WSCC oversight, or be a legal issue; Clarification that our CPA will continue to provide financial oversight but not sign checks; Concern expressed that this is a full Board responsibility but policy delegates authority to Board Auditor, Chair, and Vice-Chair; Discussed need for contingency plan if two Supervisors are not available to sign checks; Discussed need to put language decided upon into formal TCD Policy & Procedure template; Staff recommendation to have two Board signatures for checks but retain CPA as well, due to their value to the process; Discussed option to issue RFO for new CPA; Discussed current CPA has 20+ year relationship and institutional knowledge, professional auditor with valuable insight, provides good service to TCD; May be able to save money but cannot replace relationship; Staff recommendation to review CPA contract prior to putting motion outcomes into effect; Need friendly amendment to re-name as "Check Signing Policy"; Board discussion on need and process for an authorized Staff signer in case of emergencies; Removing signatory authority for Deputy Director is a concern because in their job description: Friendly amendment and Board decision that Executive Director or Acting Executive Director can sign with authorization from a Supervisor, other than the Supervisor who will be available to sign checks; Board & Staff worked on language stating such; Revised draft motion below; Decision for Staff to use language agreed upon in revised motion to draft complete TCD Policy and bring back to Board; Discussion and Board decision to review policies/job descriptions as well to ensure no conflicts with final draft of policy. Vote: None in favor. Chair, Linda, & Richard opposed. Samantha abstained. Motion dies.

82 83 84

85

86

Updated Policy Draft Language: "All checks will be signed by the Board Auditor and one other Board member. In the event a second Board member is available, a second Board member may authorize the Executive Director or Acting Executive Director to sign checks. In the event the Board Auditor is not available to sign checks, this duty goes to the Vice Chair, then Board Chair."

87 88 89

# AI – Staff to check existing TCD policies and Deputy Director job description for conflict with draft check signing policy and procedure

  103 Sub-Committee

#### 105 5. Partner Reports

-145

#### A. NRCS, Amy Hendershot

- Environmental Quality Incentives Program (EQIP) deadline March 16<sup>th</sup>; Allowing \$450k per entity/person (per Farm Bill stipulations); Continuing high tunnel program and allowing funding request for multiple high tunnels, with \$15k cap on payments
- Olympia Oyster Restoration Initiative: 3<sup>rd</sup> year of program and will terminate if more interest not generated; NRCS working with tribes to implement projects in Henderson and Budd Inlet
- Local Workgroup meetings upcoming; Board consensus for Eric to represent TCD again

#### B. WSCC, Shana Joy

Conservation Accountability and Performance Program (CAPP) has two program parts: 1) Legal & WAC Accountability requirements and 2) Best Practices performance review; Latter still under development; Only implementing Accountability requirements; Open Public Meetings Act and Open Public Records requirements identified as areas of concern for TCD Board; Concerned continuing discussion on TCD Governance Action Plan was not on agenda; Glad it is now and offered further assistance if requested

#### 5C WSCC Executive Committee

- Chair seeking minutes from November WSCC Commission Meeting meeting; Will be posted on WSCC website when approved
- Chair asked Samantha if she wrote letter to WSCC Executive Committee because appeared to be written from a TCD computer; Samantha confirmed she wrote the letter

#### 6. District Funding, All

#### A. Rates & Charges Update

- Staff reviewed 2018-Rates & Charges Timeline; Staff recommended TCD Board move forward with pursuing Rates & Charges (R&C) in 2018
- Board and Staff discussed delaying start of 2018 R&C timeline until elections/appointments concluded and next term Supervisors seated on Board; Board decision to move forward with current 2018 R&C Timeline

#### AI - Staff will share R&C resources with Board (ordinances, WSCC materials, law suit info, etc.)

#### B. Capital Budget Update

- Staff provided update on Capital Budget and Hirst decision
- Shana Joy provided updates on WSCC's three pots of capital funds: CREP, Natural Resource Investment Funding (Non-Shellfish), and Shellfish funding; Will hear in next couple of weeks if WSCC makes awards to TCD

#### C. 2018 Shellfish Work Program

- Staff reviewed updated 2018 Shellfish Work Program (SWP), which funds Shellfish Protection District (SPD) work for 2018; Seeking TCD Board approval of SWP at this time
- Board and Staff discussed: how to fund SWP in 2019 due to no R&C in 2018, importance of 2018 SWP providing immediate funding for TCD Technical Assistance/Resource Team Staff capacity, and agreement with County that stipulates how these funds can be spent

- 148 Samantha moved to approve the 2018 Shellfish Work Program. Linda seconded. Discussion:
- Richard wants to see the MOU with the County; Not settling well with him because is last minute;
- 150 Sarah clarified the 2018 SWP has been an ongoing TCD Board discussion since September 2017;
- 151 She understands having questions and wants to help Richard/Board feel comfortable. Vote: All in
- 152 favor: Eric, Linda, and Samantha. Richard opposed. Motion passed.

153154

#### AI - Staff will send Board the TCD Assessment MOU, which outlines SPD program

#### 10. 2018 Elections & Appointments Update, Nora White

- Nora White, Election Supervisor, provided update; Four elected position candidates applied and approved by Auditor's Office; Fifth Candidate withdrew today; Absentee ballots will be available starting Monday, February 5<sup>th</sup>; Provided draft 'How To Vote' handout
- Starting marketing for Appointed position that opens this year
- Board decision to cap TCD printing of 'How To Vote' handout at 25 copies for each candidate

192 193 194

195

#### 11. Voluntary Stewardship Program MOU, Sarah Moorehead - Action Item

Staff reviewed process leading to VSP MOU coming to TCD Board for consideration

► VSP Funding allocated to Thurston County and contracting TCD for implementation; Not as much funding as anticipated; Thurston County BOCC decided how money was allocated; Robust need will demonstrate need for more funding allocation to TCD in future

Samantha moved to approve the MOU between Thurston County and Thurston Conservation District for Services Supporting the Voluntary Stewardship Program. Linda seconded. Discussion: Discussed how many Stewardship Plans can be developed with current MOU funding allotment; Hard to estimate due to greatly differing landowner needs and first time developing these plans; Staff estimate at approximately 14 plans. Vote: All in favor. Motion passed.

#### 12. RCO Project #15-1411P Amendment 6, Sarah Moorehead - Action Item

• Contract amendment provides additional \$15k for Lead Entity Administrative capacity; Will likely receive another Amendment at next Board Meeting, due to recent release of Capital Budget

Samantha moved to approve RCO Project #15-1411P Amendment #6. Linda seconded. No discussion. Vote: All in favor. Motion passed.

#### 13. Deschutes Workgroup MOU, Sarah Moorehead - Action Item

- MOU provides for continuation of 2017 work to facilitate a stakeholder group, building on foundation of work Deschutes TMDL group started, to focus and prioritize water quality improvement
- Board presented with Draft MOU; Staff anticipate few and minor edits before finalization; Board decision to authorize Board Chair to sign upon finalization

#### National Fish and Wildlife Foundation (NFWF) Grant Agreement for SSG

 Grant agreement that provides funding for South Sound GREEN to facilitate education and restoration implementation via their Prairies and Pollinators Program

Samantha moved to allow Chair to sign NFWF Agreement Proposal Id #55805. Linda seconded. Discussion: Board and Staff discussed concern with Project Description language seemingly indicating 54 acres of prairies will be restored with awarded funding; Staff understanding is funding centered around education and not restoration metrics; Need to update Period of Performance dates; Friendly amendment: Board authorizes Chair to sign grant agreement, pending Stephanie sends out additional information for Board review. Staff invited Supervisors to contact Stephanie directly if they have questions, beyond her update. Vote: All in favor. Motion passed. Sarah invited Supervisors to contact Stephanie directly if they have further questions and she will be happy to share more.

AI – Stephanie will provide Board with clarification on the project details, project location(s), and deliverables for NFWF grant

#### TCD District Governance Action Plan

■ TCD District Governance Action Plan deadline for approval is January 31<sup>st</sup>

- Board, Staff, and Shana discussed element #7 (Lengthy & Inefficient Board Meetings) remaining to be addressed in Action Plan; Board decision to address timeline in which Supervisors receive Board meeting packets, to allow for more time to review materials and prepare for Board meetings
- Board decision: Staff will send Board the Draft Agenda by 12 days before meeting; Board will
  provide comment to Acting Executive Director by 11 days before meeting, Chair will finalize
  Agenda by 8 days before meeting, Packets will be sent to Board 6 days before meeting

■ Conduct trial in February and can update process if needed Samantha moved to adopt the TCD District Governance Action Plan. Linda seconded. Eric friendly amendment to state whole document title, and notate date adopted: January 30th 2018. No discussion. Vote: Samantha, Linda, and Eric in favor. Richard opposed. Motion passed. 14. Phillips Burgess Invoice for 11/27/17, Sarah Moorehead – Action Item ■ Phillips Burgess permanently cancelled 11.27.17 invoice 15. Farmland Easement Program Development, Sarah Moorehead A. NRCS Easement Programs, Amy Hendershot (NRCS) ■ Tabled to February Monthly meeting 16. Adjourn, All Samantha moved to adjourn. Linda seconded. No discussion. Vote: All in favor. Motion passed. Respectfully Submitted, Eric Johnson, Board Chair 

My name is Esther Kronenberg and I speak as a private citizen who is interested in the cause of conservation and the protection of natural resources. I first learned of troubles at the District at a County Commission meeting, made calls to various staff and others to learn what had happened, listened to recordings of past District meetings, and shared my concerns with members of the public after learning members of this Board failed to attend and vote at a November 6 meeting that resulted in the loss of 1/3 of the 2018 budget and thereby, of many County conservation programs.

I want to thank Supervisors Mankamyer and Johnson for reaching out to me at the last meeting as allies wanting to share your perceptions of this situation and offering to send me documents corroborating your expressed belief that staff was involved in unethical financial mismanagement. Your accompanying letter stated that this was "just the tip of the iceberg." I have shared these documents with others who have reviewed them. I would like to read the first document sent to me by Supervisor Mankamyer.

This is from the website Ripoff Report.

"TCD SEXIST RACKET INCOMPETENT LIARS

TCD of Olympia WA is sexist. If you're a man, don't even bother applying to TCD. The women in charge of TCD want to keep it the way it is. They are completely and utterly incompetent, extremely sexist towards men and don't want any outside opinions- no matter what they say. And they play games, telling you one thing and then doing another. They will lie to you and blow you off. Look out for TCCD of Olympia WA. It's a racket full of spiteful people. Stay clear, especially of the TCD bullshit native plant sales. They will just sell you garbage plants."

This was shocking, so I googled the ripoff report website where this was posted. I learned that Consumer Affairs lists it as an unaccredited site and has 28 of 30 reviews detailing what a scam it is. And from Wikipedia -

"Ripoff Report allows users over the age of 14 to complain anonymously about any firm or person. The site does not verify the identity of users...it neither investigates, confirms nor corroborates the accuracy of submissions. According to Bloomberg Businessweek, its operation is an example of "how to make money rebuilding reputations having destroyed them first" which is why a federal court stated that victims have "probable cause to sue for extortion and racketeering."

Then I read the staff biographies. I saw young people who are motivated to work preserving the environment, not to make lots of money. They may be from different backgrounds than you, but that hardly qualifies them as the enemy you so seem to fear and attack.

As organic farmers, you are well aware of the dangers of pesticides, how they destroy beneficial organisms, rendering the soil lifeless. You may want to grow this Conservation District in new directions. But is it beneficial or ethical to spray this work environment with the equivalent of Agent Orange in the form of these hateful words, to kill what's here so you can start afresh?

So far, I have received no information from you that has altered our view that you have not fulfilled the most basic fiduciary duty of your office. We would certainly be willing to meet with you as you have requested, but suggest that if you truly believe there has been a misuse of public funds, you have a responsibility to report it to the State Commission and the Attorney General.

Thank you.

TCD Board of Supervisors,

I am Paula Holroyde. I am a member of the LWVTC, and several other TC organizations. Today, I am speaking as a resident of Thurston County.

After attending several TCD meetings and reading as much as I can find about TCD, I am very disheartened. Mr. Johnson, you excused yourself for not knowing how to run a meeting, because you are not professionals. Really. In 2 minutes online, I found and printed a copy of the basics of Robert's Rules. I strongly urge you get online and get a better handle of your job description and how to run a meeting. A brief example, the chair does not make a motion. The chair asks for a motion. If there is no motion, the question dies for lack of a motion. Or if there is no second, the question may die for lack of a second. The chair only votes to break a tie.

The TCD is a very integral part of Thurston County. It provides a wealth of information, as well as many important services. Those of you who made a decision to severely disrupt TCD funding, have done a real disservice to this community. When you point fingers at and blame others, remember, there are 3 fingers pointing back at you.

Your decision to try to take TCD on a different course has been as successful as replacing a 3" water meter with a ¾" water meter to save money. Somehow, you did not draw up a plan or study the consequences.

Your idea of how to guide the TCD into the future is also lacking. Your job is to set a course for the present and future of TCD. If you set the course properly, things work smoothly. If you design a golf course, it is not your job to walk along with the professional golfer, tell them what club to use, what kind of shot to hit, how high to hit it, or how much spin to have on the ball.

The mission of TCD, a non-regulatory agency, strives to conserve and sustain the beneficial use and protection of local natural resources through partnerships with the County's rural, agricultural, and urban communities, as well as local, state, federal, and tribal agencies. If that is not your primary mission, you do need to seriously consider resigning. Can you honestly, say at the end of the day, you have done the best you can, in your capacity for the citizens of Thurston County?

Thank you, Paula Holroyde

#### Annabel Kirschner

Comments Thurston County Conservation District Meeting January 30, 2018

Thank you for having me back. I was at the December 20<sup>th</sup> meeting because I heard the district had failed to receive \$500,000 when no representative showed up or called in for an important meeting. There seemed to be no good explanation at the time. I have talked briefly with Eric Johnson and Richard Mankamyer (current board members) and James Gouche (a former board member) since then but no clear explanation has been forthcoming. These gentlemen all spoke to their commitment to support agriculture as their reason for joining the board, but the broad goal of the district is to "conserve and sustain the beneficial use and protection of local natural resources." It is important this goal be foremost in all Conservation District efforts now that funds have been lost.

I have heard about the tension between some board members and long time staff, represented in this this offensive rant on Ripoffreport.com which I have attached. I recommend that the board do what it can to have this removed. There was also a contention of a conflict of interest related to salmon recovery efforts. But this was adjudicated with a finding of no conflict. So it seems time to focus on the main business of the Conservation District. Efforts to help farmers must fall within the mission.

It appears that only 1 full time member has resigned, James Weatherford. He had been with the board since 2004 and had expertise in conservation practices, soil testing and nutrient management to keep watersheds clean. He was honored as the Southwest Region Employee of the Year for his work. The hours of other staff have been reduced somewhat But reduction in hours can be a form of squeezing out staff if they are dependent on their salaries.

Will his loss and reduction of staff hours hinder important work for the Conservation District? Nutrient management is an especially important in helping to keep Thurston County's waters clean--this includes managing wastes which come from humans and failing septic systems, animal wastes that are not properly contained on a farmers property or from over fertilization. Toxic algae blooms are directly due to these

factors and every year these blooms close down different lakes in the county, including last year, Long Lake one of the few places where people can swim for free during the summer. These blooms also close down oyster and other shellfish beds, a major source of income for some county residents.

Without a clear explanation of why \$500,000 in funds were lost one wonders if there was a hidden agenda for not applying, — did some board members want a quick and easy way to fire staff with whom they disagreed without due process and/or was this a way to curtail programs that some of their constituents didn't want? One does not know.

But what is clear, with this budget reduction, board members and staff MUST focus on conservation and protecting local natural resources above all other issues.

- I am a supporter of the Thurston Conservation District. I have been aware
  of your programs for some time and have taken advantage of your native
  plant sale on a number of occasions. And, those plants were fine.
- I attended my first Board of Supervisors meeting earlier this month and was very dismayed at what I heard. Supervisors were unprepared, the meeting didn't follow standard meeting protocols, and a significant amount of time was wasted for both you and the people attending the meeting.
- That led me to wonder what else is happening administratively. I asked for a copy of your 2017 and 2018 budgets. What I saw was quite puzzling. And so I have these questions (and more):
  - Why is your2018 budget nearly \$700,000 less than 2017? How can you function with a 38% reduction in your budget?
  - When was your decision to shift from an assessment (2017) to increased rates and charges (2018) made? And why?
  - o I have studied the Thurston County budget extensively and note that while your budget for 2018 includes \$269,242 from Thurston County in it, there is no corresponding expenditure or fund transfer to you in their budget. This is puzzling.
  - Why is there a \$382,690 reduction in revenue from the State Conservation Commission between 2017 and 2018?
- These baffling and, frankly, shocking changes need to be explained and publicly. You have to cut programs for what appears to be no logical reason and without transparency. The citizens of Thurston County should be told what is happening here. I urge you to publish some report to the public that provides explanations for these very odd changes.

Cynthia Stewart January 30, 2018

# MEMO

To: TCD Board of Supervisors

From: Sarah Moorehead (Acting Executive Director)

Date: February 27, 2018

Subject: 2.27.18 Financial Reports

❖ Included in your packet is the Monthly Financial Packet received at the 1.30.18 Board meeting, as it contains the January Check Register for Board review/approval.

❖ The February 2018 check register and monthly financial report will be mailed and emailed tomorrow (February 23<sup>rd</sup>) due to the inclement weather

#### **Financial Report Notes**

#### December 2017

Balance Sheet – As of December 31<sup>st</sup> there was \$12,907.05 in the checking account. The Shellfish Protection District restricted savings account balance was \$272,334.93 and the general savings account balance was \$41,213.09. The accounts receivable balance was \$207,648.69. As of January 25<sup>th</sup> we have received \$41,933.79 of those funds.

Balance Sheet compared to last year – We see only a 10.9% less overall cash position at the end of 2017 than we had the end of 2016.

Profit and Loss – Several grants ended in December 31<sup>st</sup>, so there were some large vouchers including grant close out expenses and final reconciliations.

Profit and Loss compared to last year – December of this year had much more grant activity than last year, although we had more staff! We are so efficient!

Profit and Loss; Budget vs. Actual – For the month of December, we received 126.96% of anticipated revenue and spent 127.95% of anticipated expenses. For 2017 overall, we received 93.23% of anticipated revenue and spent 95.24% of anticipated expenses. Not bad!

(1) Recommended New "Job" to account for all program staff time not spent working on a program/grant or funding development project. Previously this time was reflected in Gen. Admin. when such costs are not a cost of administration but a cost of program functions even if they will not be charged to a specific grant or program. \*Implemented 3/1/2013

(2) The total district expenses are allocated proportionately to each total grant expense.

(3) Allowable indirect billing assuming the following allowable indirect cost reimbursement rates by grant.

8%	25%	n/a	n/a	×9×	25%	25%	25%
 2	DOE	GREEN	MISC	ည္	P.	USFWS	WCC

(4) 2017 Assessment budget assumed \$32,106 per month in expenses.

**Thurston Conservation District** 

2018 Annual Budget

#### **Key Terms and Definitions**

**Basis** - Thurston Conservation Districts' basis for accounting is Accrual using GAAP – Generally Accepted Accounting Principles.

Salaries and Benefits - Composite Rate — all payroll costs of employing someone, on a per hour basis. The Composite Rate includes base pay, federal and state employer contributions, state industrial and employment security employer contributions, medical benefits and employer retirement plan contributions. \*This is the way all salaries and benefits are displayed throughout the budget. Figures shown in the attached staffing plan are *not* straight salaries.

**Overhead** – negotiated by grant agreement, the allowable amount of overhead charged. For 2018 the grants that allow overhead charges are calculated at 25% of salaries and benefits, with one exception of the Center for Technical Development grant which allows 15%.

Supplies – Office supplies, project supplies, bottled water, computer supplies.

**Professional Services** – Contracted services by other agencies, other conservation districts, non-profits, corporations or individuals to perform grant and/or program deliverables.

**Contracted Services** – legal, IT or accounting services,; **Americorps** (a Washington Service Corps program that enables the District to have two service people for a set annual fee), **Stipends** (some speakers receive stipends from the District; college student interns who are studying with the district for two full quarters receive a stipend), soil testing, bus transportation for students, substitute teachers

**Travel -** mileage, meals, per diems, lodging, fuel, airfare, parking fees, conference registration fees, site rentals

Facilities and Utilities – telephone, internet, electric and gas, security system monitoring, trash removal, office rent and common area utilities, equipment leases, janitorial

**Other** – District operating expenses and other charges not included above such as advertising, liability insurance, subscriptions, licenses

**Capital Outlays** – Generally equipment purchases over \$300 are capital assets, by policy, or less than \$300 items that are small, attractive and vulnerable to loss. These items are tracked in the inventory.

#### Budget Development Process, Goals and Strategies for 2018

The annual budget development process begins in August; just after the current year's budget mid-year revision. Lead program/department staff begins to develop preliminary draft budgets for the next calendar year. This is also the time of year when the Shellfish Work Program proposals from other agencies are developed and submitted by the District and Shellfish Work Program partners. Simultaneous to this process is building the staffing plan. This is where we compute hours and wages necessary to perform the work of each program, and ensure each employee is allocated according to their full or part time status.

As program budgets are finalized, they are integrated into the master annual budget Excel workbook. All categories feed into a cumulative, overall budget for the district.

Goals – A goal for the 2017 Annual Budget was to make a more user friendly document for the public, non – financial readers and elected officials. We looked at annual budgets from surrounding municipalities of all types and integrated some aspects of those reports that make them easier to read and meaningful. We have been working on enhancing the Annual Budget as more of a policy driving document; just like the Strategic and Annual Plans are. We began this process again for the 2018 budget, although in November when we lost Rates and Charges, the process was halted and an interim budget strategy was developed.

In November 2017 the goal for the 2018 budget transitioned to the development of strategic revisions to the budget, including navigating an unexpected significant loss of funding. The loss of Rates and Charges has an incredible impact on District Operations, staffing and community services. Due to several proceeding events (reduction in Shellfish Protection District funding, lack of Capital Budget, approval of Capital Budget, NTA grant award notifications) the Annual Budget and Staffing Plan has rapidly evolved over initial weeks of 2018. Now, in late February, a known financial plan for 2018 has solidified that will carry the District through the 2018 calendar year.

#### **District Operations**

Program Manager: Sarah Moorehead Team: ALL

In 2018, the goals for the remainder of the Assessment funds from 2017 and the small streams of miscellaneous revenue (shown below – Plant Sale, Soil Testing, etc.) are to effectively manage District Operations costs, leverage the grants we have currently and explore new funding opportunities to plan for the future. The loss of Rates and Charges is devastating to the District. We will not be able to hire an Executive Director this year or explore unfunded priorities in our Annual and Strategic Plans. In addition our ability to fund grant development and provide match for future grants has been greatly reduced. Our ability to serve landowners throughout the District, regardless of their request for assistance is now also limited to available grant funding and the terms therein (type of operation/resource concern, geographic area, type of technical assistance requested, etc.).

Only a few staff members have time allocated to District Operations in 2018. The Executive Director, Treasurer and Administrative Assistant were in large part funded by what was formerly unrestricted Assessment dollars. This year, the Interim Executive Director and Administrative Assistant will be partially funded by the remaining 2017 Assessment dollars to conduct essential District Operations functions. The essential functions of the Treasurer will be funded primarily from Conservation Commission grant funds this year, which formerly allowed additional funding for technical assistance and outreach. These District Operations positions support every function of the District and help to administer each grant we have in hand.

Managing the soil testing and equipment rental programs are also within the District Operations budget, so these services will suffer in 2018 due to the lack of funding. This includes the inability to purchase new equipment and repair existing equipment. Staff continues to look for additional funding sources to support and grow these programs in 2018.

#### Revenue

RCO – Recreation and Conservation Office - Lead Entity Program and East Fork McClane Culvert Project

Program Manager: LE - Amy Hatch Winecka, East Fork McLane - Kathleen Berger

Team: Amy Hatch Winecka, Ashley McBee, AmeriCorps Volunteer, Kathleen Berger

The Lead Entity Program – TCD is the fiscal agent for the WRIA 13 Lead Entity Work Group (WRIA = Water Resource Inventory Area) – a committee of federal, state, tribal, local and citizen agency representatives to allocate water resources, protect water quality and restore fish habitats in Thurston County. TCD receives federal and state dollars through the Lead Entity Program. We also receive PSAR (Puget Sound Acquisition and Restoration) monies through RCO for the same objectives. These are also state dollars.

\*Lead Entity dollars are awarded on the state fiscal year cycle – July 1 – June 30. The dollars do not carry over. PSAR dollars are two - four year awards. The following summary includes these dollars for the calendar year 2018.

#### Staff

The Deputy Director/WRIA 13 Lead Entity Coordinator is the lead and primary staff on this grant. The TCD AmeriCorps service member organizes the Salmon Day Camp in tandem with the South Sound YMCA.

#### Goals for 2018

The Coordinator will facilitate a locally initiated suite of habitat projects that benefit salmon and the community. Working with the local groups, the Coordinator will continue to broaden representation on the Lead Entity Committee.

#### **Timeline**

The fund sources included in this agreement have different timelines for expenditure. Please note: Lead Entity capacity allocation from the Salmon Recovery Funding Board (\$60,000) must be spent by June 30, 2018. Another contract is expected and will begin July 1, 2018. In general, the PSAR funding can be used for up to two biennia.

#### East Fork McLane

The East Fork McLane project is a culvert removal and bridge install to increase fish passage and decrease flooding on the East Fork of McLane Creek.

## Shellfish Protection District - TCD and outside agency programs

Program Manager: Sarah Moorehead

Team: Sarah Moorehead, Stephanie Bishop, Ashley McBee, Nora White, Robin Buckingham, Mara Healy, Nicole Warren, South Sound GREEN AmeriCorps Volunteer, TCD AmeriCorps Volunteer

Shellfish programs are developed by District staff annually. The SPD stakeholders group, County Commissioners and Thurston Conservation District Board of Supervisors reviews and approves the programs in the fall. The Shellfish Protection District includes the Nisqually and Henderson Watersheds. For 2018, due to the lack of Rates and Charges revenue, the SPD program will be funded with residual funds from the 28% collections from prior years, and unspent funds from the 2017 program. Each year the programs provide education and outreach and direct landowner assistance.

Nearshore: Marine Studies, Water Quality and Restoration

Students and the Shore aims to bring participating South Sound GREEN students to the Puget Sound nearshore to connect their freshwater monitoring sites to the Puget Sound basin and to engage students in service learning projects within the Henderson and Nisqually Reach areas. Through this program South Sound GREEN will partner with Pacific Shellfish Institute, Zittel's Marina, Washington State Parks, South Sound Estuary Association, Puget Sound Restoration Fund, Taylor Shellfish and many others to host at least 10 nearshore field trips with approximately 300 students total. These trips will occur in late spring (May/June 2018) or early fall (September/October 2018) when daylight low tides are available. South Sound GREEN will coordinate at least 3 restoration field trips for students (approximately 75 students) in 2018. Students will engage in service learning through tree planting, invasive species removal and maintenance and monitoring of restoration sites that will improve conditions in the watershed.

## Clear Choices for Clean Water

Goals for the year 2018 include educating residents of the Shellfish Protection District on Puget Sound water quality issues, impacts of water quality on shellfish production; reduce barriers for residents to change their behaviors to positively impact water quality; and partner with shellfish growers, local government, schools, and other water quality organizations to increase awareness of Puget Sound issues and available science. In 2018, outreach will expand to make services and offerings more available to renters and urban/suburban households.

#### Shellfish Protection District Cost Share

The goal of this funding is to implement best management practices on agricultural lands to help to restore and protect water quality within the Henderson and Nisqually Shellfish Protection Districts. This project will provide financial assistance to agricultural landowners/manager for implementation of two such projects. Staff support for this work comes from the Shellfish Technical Assistance & Conservation Planning project.

## Shellfish Protection District Technical Assistance & Conservation Planning

This goal of this project is to address water quality issues on agricultural lands within the Henderson and Nisqually Shellfish Protection Districts. Activities include developing conservation plans, providing technical assistance in implementing best management practices, and providing restoration consultations, planting plans to landowners and supporting the Voluntary Stewardship Program.

## Engaging Landowners in the Henderson and Nisqually Shellfish Protection Districts

The goals of this program include increasing awareness of programs and services available to landowners to manage land, to provide in-depth education through workshops and protect the landscape by increasing participating in existing farmland matching program and successional planning. This proposal was significantly reduced in the 2018 work plan due to the loss of Rates and Charges. R&C would have potentially fully funded this program from the 28% collection reserve. The number of workshops provided will be reduced, along with the other methods of landowner outreach in 2018.

Shore Friendly Thurston - This program is in large part a continuation of the Shoreline Technical Assistance program from last year. The team will hold three community shoreline workshops with landowners and residents to address shoreline issues. We will provide direct technical assistance to at least nine residents and provide four consultations with geologists and/or geomorphologists and engineers to address shoreline concerns.

Outside Programs – Other agencies that have approved proposals are Thurston County Environmental Health – (Septic Riser Rebate and Grant Program), Pacific Shellfish Institute and the Puget Sound Restoration Fund.

### **South Sound Green**

**Program Manager: Stephanie Bishop** 

Team: Stephanie Bishop, AmeriCorp Service person

South Sound GREEN (Global Rivers Environmental Education Network) is a watershed education program, involving over 1200 students (grades 4-college) annually. The program offers watershed education opportunities to over 35 teachers and their students in the North Thurston, Olympia, Tumwater, Rainier and Griffin School Districts, St. Martin's College, The Evergreen State College, private schools and home-schooled students.

South Sound GREEN's primary goals are to 1) facilitate student-initiated water quality explorations in our community; 2) provide high quality teacher development trainings to equip participating teachers with relevant and effective skills in water quality and science education; 3) engage students in service-learning projects to improve their watershed and the greater community (i.e. invasive species removal or trash pick-up at city and county parks) 4) host the 25th Annual Student GREEN Congress, an event where student delegates present results of stream investigations and make recommendations to improve their watershed; and 5) offer nearshore-marine education where students visit Puget Sound beaches and marinas to discover marine ecosystems, habitats and food web and learn how actions in neighborhoods can impact Puget Sound health.

Annual performance objectives include to engage between 900-1200 area students and 40± teachers in watershed education and to deliver at least four teacher development trainings (one of these being a three-day Summer Teacher Institute focused on climate change adaptations in western Washington). South Sound GREEN partners with a wide variety of community agencies and partners on nearly all aspects of the program, and specifically with the Nisqually River Education Project and Chehalis Basin Education Consortium on teacher development trainings and the Student GREEN Congress.

## WSCC - Washington State Conservation Commission

Program Manager: Sarah Moorehead

Team: Stephanie Bishop, Amy Franks, Sarah Moorehead, Nora White, Robin Buckingham, Kathleen Berger, Nicole Warren, Mara Healy

Grant funding from the Conservation Commission enables our technical staff to work directly with landowners and farmers to implement conservation plans and practices. In addition to field work, this funding will cover outreach, continuing education and training in several areas. In 2018, Commission funding will also supplement the District Operation budget for the finance department and supervision of the election.

WSCC funding is on the state fiscal year schedule, July 1- June 30. The following budget is for the 2018 calendar year, using projected grant revenue and expenses for the second half of 2018.

#### **CREP**

The Conservation Reserve Enhancement Program assists agricultural landowners in the implementation of conservation practices on land that borders salmon-bearing streams. Conservation practices for CREP include a native vegetation riparian buffer, livestock exclusion fencing and watering facilities if applicable. Practices are reimbursed 100%, and landowners are paid a yearly rental rate for the amount of land enrolled into the program. Activities include working with interested landowners to navigate the program, develop plans and implement projects

#### Chehalis Basin Strategy

The Chehalis Basin Strategy is a basin-wide program that has focused on addressing flooding concerns through large and small scale projects. The district's role in 2016 involved targeted outreach to assess the concerns and needs of landowners in the floodplain throughout the Chehalis Basin. Through 2017 and now 2018, the district continued to communicate with landowners and also participate in the Aquatic Species Restoration Plan that is a part of all proposed alternatives in the Strategy. The Aquatic Species Restoration Plan will select 5 stretches of waterways to restore Chinook and Coho habitat as well as address stream bank erosion. The Strategy is a large effort in which the district plays the key part of landowner interactions.

## Implementation

The goal of this funding in 2018 is to support the essential financial and district operations functions of the Treasurer.

#### Livestock

The Livestock grant provides funding for technical assistance and conservation planning for landowners with livestock.

## Revenue

Thurston County – Deschutes Watershed Workgroup, NTA / NEP PIC grant and VSP (Voluntary Stewardship Program)

Program Manager: Sarah Moorehead

Team: Stephanie Bishop, Nora White, Amy Hatch – Winecka, Ashley McBee, Sarah Moorehead, Nicole Warre, Resource Specialist

**Deschutes Watershed Workgroup** — Facilitate a stakeholder group to implement the Deschutes Watershed stakeholders throughout the Deschutes watershed to build on existing efforts to form an active watershed group that will focus on identifying and implementing strategies to improve on water quality.

**NTA / NEP PIC Grant** – Provide landowners with education, technical assistance, conservation planning and cost share to improve water quality and shellfish habitat in the Henderson and Nisqually Shellfish Protection Districts.

**VSP (Voluntary Stewardship Program) –** Develop Individual Stewardship Plans and provide programmatic outreach to help agricultural producers maintain agricultural viability and critical habitat.

Miscellaneous Small Grants - Soil Health, WSU and Center for Technical Development

Program Manager: Sarah Moorehead

Team: Robin Buckingham, Nicole Warren, Amy Hatch-Winecka, James Weatherford

Center for Technical Development (formerly Tech Group)

The purpose of the Dairy Nutrient Management Planner Certification Program is to both certify individuals as having the necessary skills and abilities to plan to the requirements set forth in the Dairy Nutrient Management Act (RCW 90.64), as well as recognize those planners that have demonstrated an advanced level of knowledge, skills and planning as demonstrated in meeting the certification requirements set forth. In addition, this Program provides a pathway for new and advancing planners to achieve the knowledge and mentor support to qualify for certification.

#### Soil Health Grant

This grant is in collaboration with Grant Conservation District to administer advanced soil tests and monitor progress over three years. This is the first year of the grant.

## WSU - Washington State University Extension

This grant is led Washington State University Extension to analyze data and develop prioritization techniques to reduce non-point source pollution in the Deschutes watershed.

## **District Operations**

## 2018 Shellfish Fund Work Program

The Shellfish Fund Work Program received its final round of approval from the Thurston County Commissioners. This excellent news will provide funding during 2018 for Thurston CD to provide technical assistance, outreach, conservation and planting plans, workshops to landowners, along with K12 educational nearshore trips to students, within the Henderson and Nisqually Shellfish Protection Districts.

Please join the Thurston Conservation District for a tour highlighting district programs, projects and partnerships!

# March 14, 2018 12:15pm - 5:30pm

Tour begins at the Best Western Plus Lacey Inn and Suites: 8326 Quinault Dr. NE, Lacey, WA 98516

# Tour Locations and Highlights
