Year-to-Date (YTD) Profit & Loss (P&L), September P&L and Previous Year P&L Comparison

- 1. For the month of September, TCD reported a net income of \$14,436. This positive net income is mostly due to the WSCC Implementation grant income that started in July.
- 2. The *Partner Fee for Service* (Restoration Crew) income continues to grow, bringing in \$51,317 so far in 2024; a 150% increase over 2023.
- 3. As of September 2024, *Grant Revenues* now exceed 2023 *Grant Revenues* by 134%. This increase is due to the near completion of the Riverbend project, which brought in income of \$3,668,252 for the month.
- 4. *Interest* income is up 566% compared to 2023 due to the better interest rates offered by TCD's new bank, Beneficial State Bank, as well as interest earned on the advance from the WA State Recreation and Conservation Office (RCO) for the Riverbend project.
- 5. *Audit & Accounting* expenses are up 90% from 2023 because of the 2024 audit.
- 6. *Licenses & Permits* expenses are up 425% compared to 2023 because of restoration and construction project permitting.
- 7. *Construction and Restoration* expenses are up 834% from 2023 due to the completion of projects, especially due to the near completion of the Riverbend project.

Unrestricted Budget vs Actual

8. Vehicle Repairs & Maintenance (row 65), Office Supplies (row 70), Postage & Shipping (row 71), and Board Meeting Snacks (row 77) are all spending faster than expected at this time of year (75% in the year). Staff have been alerted and wherever possible, spending in these categories will be delayed until 2025.

AGREEMENT NO WCC-24073

AGREEMENT BETWEEN

The State of Washington, Department of ECOLOGY

AND

Thurston Conservation District (SPONSOR)

THIS AGREEMENT is made and entered into by and between the Department of Ecology, hereinafter referred to as "ECOLOGY", and Thurston Conservation District, hereinafter referred to as the "SPONSOR."

IT IS THE PURPOSE OF THIS AGREEMENT to provide Washington Conservation Corps (WCC) members to complete environmental or disaster services projects, pursuant to Chapter 43.220 of the Revised Code of Washington.

THEREFORE, IT IS MUTUALLY AGREED THAT:

STATEMENT OF WORK

Both parties agree to do all things necessary for or incidental to the performance of the work set forth in Appendix "A" attached hereto and incorporated herein.

PERIOD OF PERFORMANCE

Subject to its other provisions, the period of performance of this Agreement shall commence on 10/1/2024 and be completed on 9/30/2025 unless terminated sooner as provided herein. The WCC Crew and/or WCC Individual Placement corpsmember specified in this agreement will be available to SPONSOR on the dates set forth on the calendar in Appendix "B" attached hereto and incorporated herein.

COMPENSATION

The parties have determined that the cost of accomplishing the work herein will not exceed \$59,555. Payment for satisfactory performance of the work shall not exceed this amount unless the parties mutually agree to a higher amount. Compensation for service(s) shall be based on the following established rates:

Provided by ECOLOGY	Reimbursed to ECOLOGY by Sponsor
WCC Services@ 1385 / day for 43 days	\$59,555
Total SPONSOR Cost	\$59,555
	Above cost not to be exceeded

The costs reimbursed to ECOLOGY by SPONSOR are a cost-share rate. Estimated value of a WCC crew is \$302,913 annually per WCC Crew consisting of five WCC/AmeriCorps Members and one WCC Supervisor and/or \$42,122.88 annually per WCC Individual Placement. Indirect costs are included in SPONSOR share at a standard rate of 5% of direct costs.

BILLING PROCEDURE

ECOLOGY shall submit invoices monthly to the SPONSOR's designated contact person listed under "Agreement Management" section. Payment to ECOLOGY for approved and completed work will be made by warrant or account

transfer by SPONSOR within 30 days of receipt of the invoice. Upon expiration of the Agreement, any claim for payment not already made shall be submitted within 30 days after the expiration date or the end of the fiscal year, whichever is earlier.

AGREEMENT ALTERATIONS AND AMENDMENTS

This Agreement may be amended by mutual agreement of the parties. Such amendments shall not be binding unless they are in writing and signed by personnel authorized to bind each of the parties.

ASSIGNMENT

The work to be provided under this Agreement, and any claim arising thereunder, is not assignable or delegable by either party in whole or in part, without the express prior written consent of the other party, which consent shall not be unreasonably withheld.

ASSURANCES

Parties to this Agreement agree that all activity pursuant to this contract will be in accordance with all the applicable current federal, state and local laws, rules, and regulations.

CONFORMANCE

If any provision of this Agreement violates any statute or rule of law of the state of Washington, it is considered modified to conform to that statute or rule of law.

DISPUTES

If a dispute arises under this Agreement, it shall be determined by a Dispute Board in the following manner: Each party to this Agreement shall appoint one member to the Dispute Board. The members so appointed shall jointly appoint an additional member to the Dispute Board. The Dispute Board shall review the facts, agreement terms and applicable statutes and rules and make a determination of the dispute. The determination of the Dispute Board shall be final and binding on the parties hereto. As an alternative to this process, if SPONSOR is a state agency, either of the parties may request intervention by the Governor, as provided by RCW 43.17.330, in which event the Governor's process will control.

FUNDING AVAILABILITY

The obligation of the SPONSOR to provide reimbursements is contingent upon appropriation of funds by the SPONSOR's governing body for the specific purpose of funding the project, which is the subject of this Agreement. Upon the failure of such appropriation, the SPONSOR may terminate this Agreement.

ECOLOGY's ability to provide cost-share is contingent on availability of funding. In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to completion or expiration date of this Agreement, ECOLOGY, at its sole discretion, may elect to terminate the agreement, in whole or part, for convenience or to renegotiate the agreement subject to new funding limitations and conditions. ECOLOGY may also elect to suspend performance of the agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification restrictions.

GOVERNING LAW AND VENUE

This Agreement is entered into pursuant to and under the authority granted by the laws of the state of Washington and any applicable federal laws. The provisions of this Agreement shall be construed to conform to those laws. This Agreement shall be construed and interpreted in accordance with the laws of the state of Washington, and the venue of any action brought hereunder shall be in the Superior Court for Thurston County.

INDEPENDENT CAPACITY

The employees or agents of each party who are engaged in the performance of this Agreement shall continue to be employees or agents of that party and shall not be considered for any purpose to be employees or agents of the other party.

INDEMNIFICATION

To the fullest extent permitted by law, each party shall defend, indemnify, and hold harmless the other party, including officials, agents, and employees from and against all claims of third parties, and all associated losses arising out of or resulting from the performance of the contract. "Claim," as used in this contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Parties waive their immunities under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless the other party and their agencies, officials, agents or employees.

ORDER OF PRECEDENCE

In the event of an inconsistency in the terms of this Agreement, or between its terms and any applicable statute or rule, the inconsistency shall be resolved by giving precedence in the following order:

- 1. Applicable federal and state of Washington statutes, regulations, and rules.
- 2. Mutually agreed written amendments to this Agreement
- 3. This Agreement
- 4. Statement of Work and Budget.
- 5. Any other provisions of this Agreement, including materials incorporated by reference.

RECORDS MAINTENANCE

The parties to this Agreement shall each maintain books, records, documents and other evidence that sufficiently and properly reflect all direct and indirect costs expended by either party in the performance of the service(s) described herein. These records shall be subject to inspection, review or audit by personnel of both parties, other personnel duly authorized by either party, the Office of the State Auditor, and federal officials so authorized by law. All books, records, documents, and other material relevant to this Agreement will be retained for six years after expiration of this Agreement and the Office of the State Auditor, federal auditors, and any persons duly authorized by the parties shall have full access and the right to examine any of these materials during this period.

Records and other documents, in any medium, furnished by one party to this Agreement to the other party, will remain the property of the furnishing party, unless otherwise agreed. The receiving party will not disclose or make available this material to any third parties without first giving notice to the furnishing party and giving it a reasonable opportunity to respond. Each party will utilize reasonable security procedures and protections to assure that records and documents provided by the other party are not erroneously disclosed to third parties subject to state public disclosure laws.

RESPONSIBILITIES OF THE PARTIES

Each party of this Agreement hereby assumes responsibility for claims and/or damages to persons and/or property resulting from any act or omissions on the part of itself, its employees, its officers, and its agents. Neither party will be considered the agent of the other party to this Agreement.

RIGHTS IN DATA

Unless otherwise provided, data, which originates from this Agreement shall be "works for hire" as defined by the U.S. Copyright Act of 1976 and shall be jointly owned by ECOLOGY and SPONSOR. Data shall include, but not be limited to, reports, documents, pamphlets, advertisements, books magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register, and the ability to transfer these rights.

SEVERABILITY

If any provision of this Agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this agreement, and to this end the provisions of this Agreement are declared to be severable.

TERMINATION FOR CAUSE

If for any cause, either party does not fulfill in a timely and proper manner its obligations under this Agreement, or if either party violates any of these terms and conditions, the aggrieved party will give the other party written notice of such failure or violation. The responsible party will be given the opportunity to correct the violation or failure within 15 working days. If failure or violation is not corrected, this Agreement may be terminated immediately by written notice of the aggrieved party to the other.

TERMINATION FOR CONVENIENCE

Either party may terminate this Agreement upon 30 days prior written notification to the other party. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

WAIVER

A failure by either party to exercise its rights under this Agreement shall not preclude that party from subsequent exercise of such rights and shall not constitute a waiver of any other rights under this Agreement unless stated to be such in a writing signed by an authorized representative of the party and attached to the original Agreement.

ALL WRITINGS CONTAINED HEREIN

STATEMENT OF WORK Appendix A

Work summary:

Under direction of SPONSOR, crew(s) will perform restoration activities. Specific tasks could include invasive control, native species installation, plant nursery care, scientific monitoring, and fence installation or repair.

Special terms and conditions:

1. WCC resources (members, supervisors, tools and trucks) will not be utilized to clean public restrooms, monitor, survey, or clear active or abandoned encampments, and/or to clean up hazardous materials including hypodermic needles. If a significant amount of hazardous or unidentifiable material is discovered on a project site, activity will cease until SPONSOR mitigates potential hazards or finds an alternate project site. If active or abandoned encampments prevent WCC activities from taking place at a project site, WCC supervisors and members may contact their partner organization and work with their coordinator on alternative activities. While WCC can share active or abandoned encampment information with project partners when relevant to service activities, WCC personnel will not monitor, survey, or report on encampments directly to regulatory agencies or anyone other than a partner organization.

2. WCC vehicle is not to be used for heavy hauling; the primary use is for transportation of crew, tools, and safety equipment. In the event that WCC vehicles are requested to tow SPONSOR-provided equipment (including rentals), it will only be on a limited basis and SPONSOR is solely responsible for accidental damages, unless damages are caused by WCC negligence.

3. WCC is not responsible for normal wear and tear when project requires the use of SPONSOR-provided tools, equipment, or safety gear.

4. The assignment of members shall not result in the displacement of currently employed workers, including partial displacement such as reduction in hours of non-overtime work, wages, or other employment benefits. Agencies that participate in the program may not terminate, lay-off, or reduce working hours of any employee for the purpose of using a member with available funds. In circumstances where substantial efficiencies or a public purpose may result, participating agencies may use members to carry out essential agency work or contractual functions without displacing current employees.

5. All state holidays and shutdown weeks are non-working days for members. Shutdown weeks are to be used by WCC staff/supervisors for planning purposes. The WCC standard 40-hour schedule is Monday through Thursday from 7:00am to 5:30pm. An alternate schedule may be arranged with prior approval from the WCC.

6. WCC's cost-share rate is calculated using the full costs of supporting WCC crews and IPs, including time spent training, required community service events, shutdowns, etc. Indirect costs are included in SPONSOR share at a standard rate of 5% of direct costs.

7. If inclement weather makes a project site inaccessible, then the sponsor should reassign the WCC crew or IP to alternative projects in an accessible location.

In inclement weather, WCC crews follow the weather-related guidance (e.g. shut-down, delayed start, early end, etc.) from the regional Ecology office closest to the crew lock-up or IP service location. If the member's assigned location is more than one hour from an Ecology regional office, then WCC follows weather-related guidance of federal, state and

local governments. Only WCC can instruct a crew or IP to shut-down due to weather. Sponsors are not charged for WCC-initiated, weather related shut-downs or delays.

If a shut-down is requested by the SPONSOR for any reason, then the sponsor is responsible for crew costs.

ECOLOGY shall:

1. Provide WCC members for the number of weeks specified in this agreement. Full-term crews and Individual Placements are available to SPONSOR for a maximum of 164 days (approximately 41 weeks) during the Federal AmeriCorps program service year (October-September).

2. Enroll members to begin service no sooner than October 1, 2024 and no later than October 16, 2024 to attain a full AmeriCorps scholarship. Member vacancies may be filled with a 1200 hour, three-quarter-term AmeriCorps Education Award beginning January 16, 2025. Any further member enrollment for the remainder of the program year is at the discretion of ECOLOGY and based on availability.

3. In the event of a disaster response deployment, ECOLOGY will make every effort to fulfill SPONSOR needs, including sending additional members, whenever possible. Unless disaster response activities are requested by the sponsor, sponsors are not charged for WCC's emergency and disaster responses.

4. Provide training and development specified in Appendix B: eight days of formal WCC training, a two to four day Orientation Training, one day dedicated to MLK Community Service, one day of training in noxious weed control, and one day for a debrief meeting near the conclusion of the term. Beyond dates included in Appendix B, Ecology will schedule up to six additional days of Supervisor training or meetings during the term. WCC members and supervisors are logging hours on the dates identified for WCC-sanctioned events, but are unavailable to SPONSOR. ECOLOGY will provide a four day Assistant Supervisor training to the designated Assistant Supervisor.

5. Each full-term crew or IP may spend up to two weeks (eight days) with an alternative sponsor during the crew year. These dates will be determined in coordination with their full-term Sponsor.

6. For crews, ECOLOGY agrees to provide a crew of 5 members, a crew supervisor, vehicle, and basic hand tools. As a short-term sponsor, invoices will be adjusted dependent on crew member vacancies and absences.

SPONSOR shall:

1. Guide completion of appropriate projects for number of weeks specified in this agreement by providing logistical, technical and safety-related support necessary for project completion. Provide site orientation for WCC members, site-specific training, and materials beyond basic hand tools to complete tasks. Obtain and ensure adherence to applicable permits as set by local, state, tribal or federal laws and regulations.

2. Help promote the AmeriCorps and WCC brands, logo, slogans and phrases. WCC will provide camera-ready logo. AmeriCorps is a registered service mark of the Corporation for National and Community Service.

3. For a SPONSOR hosting Individual Placement positions, SPONSOR agrees to provide computer access, email, transportation to and from WCC events (or private mileage reimbursement), and day-to-day direction of activities.

4. For a SPONSOR hosting full-term WCC Crew(s), SPONSOR shall provide a secure site to store tools and park crew vehicles that allows access to potable water and restrooms as well as desk and internet access for the crew supervisor. In the event of theft, vandalism, or loss due to negligence of the SPONSOR, the SPONSOR shall provide reimbursement (75 percent sponsor share) of expenditures and deductibles.

5. For a SPONSOR that assigns WCC crew(s) or WCC Individual Placement members to serve with other organizations, SPONSOR shall inform the other organizations of WCC policies, procedures and contract terms.

MEMO

To: TCD Board of Supervisors From: Susan Shelton, TCD Election Supervisor Date: October 14, 2024 Subject: 2025 Elections

In this packet, I've included 1) a proposed 2025 Elections Resolution and 2) a proposed 2025 Election Timeline based on that resolution. I want to highlight a few things in particular:

- 1) The Board will vote on the Election Resolution at the November Board meeting.
- 2) We propose the third Tuesday of March, which is March 18th, as the 2025 election date:
 - This date gives us plenty of time to organize the election and is close to the election date we've used for the past few years offering consistency to voters.
 - March 2025 will be WA State's third *Conservation Month*. To celebrate Conservation Month, the Washington State Conservation Commission (WSCC) plans a media blitz, including radio and television promotion, beginning in January 2025.
- 3) This year (May 2025) TJ Johnson's elected term expires.
- 4) This year (May 2025) Betsie DeWreede's appointed term expires.
- 5) The Notice of the Adopted Election Resolution (NAER) will include notice of both the elected and appointed vacancies and must be published twice, at least six days between each publishing, no later than seven days after the Board meeting at which the Election Resolution is adopted.
- 6) For the draft resolution, I have highlighted in yellow the specific dates that need to be selected; and I've highlighted in green the mechanisms for conducting the election that need to be selected. I have highlighted in blue, the decision to appoint me as the Election Supervisor. I have based the information included and the format of the resolution on the WSCC's example elections resolution.
- 7) As with the past few years, we propose a mail-in-only election. This method is the way that the majority of voters have voted in the past, ensures the safety of poll workers and voters, and increases access for disenfranchised voters who may find access to a poll site difficult. As in 2024, an in-person voting option will be made accessible during the last week of the voting period.
- 8) We will shortly reach out to the Thurston County Auditor's office to request their support, including polling officer ballot security training, signature verification, and access to poll books. We will let you know what we hear from them ASAP.
- 9) We are required to have at least 2 polling officers who cannot be TCD staff, interns, or Board Supervisors. We will hire two temporary part-time polling officers, who will process ballot fulfillment and complete signature verification and ballot processing. We will advertise the position through the Auditor's office so their seasonal employees know of the opportunity. We will keep you posted about our search for polling officers.
- 10) Staff proposes that I (Susan Shelton) serve as the Election Supervisor for the 2025 Election. Nora and the outreach team will continue to support the election process by creating outreach materials and distributing them for candidate recruitment, polling officer recruitment, and voter education.
- 11) I'd like to remind you about some of the WACs that govern elections:
 - If the incumbent is the only candidate who files paperwork the CD must still hold an election.
 - Write-in candidates who receive the majority of votes may serve as supervisors if they file candidate paperwork with the election supervisor within 28 days after the election and are found to be eligible to serve.

Priority Initiative Updates

Office of the Chehalis Basin Tour

TCD showcased our latest Skookumchuck River restoration at the Riverbend Ranch tour stop of the Office of the Chehalis Basin Tour on September 27th. Attendees included Thurston County Commissioners, WSCC leadership, partner agency leads, and leadership from local jurisdictions throughout the basin. Key messages included: the collaborative and dynamic project development process with the landowner, habitat impact of the project, co-benefits to agriculture and habitat, and funding opportunities and challenges for implementing large-scale restoration projects.

Thurston County Ag Committee Tour

Thuston's Ag Advisory Committee hosted a tour for Thurston County Commissioners and staff to showcase the variety of ag businesses throughout Thurston County and discuss the needs of these operations to continue to thrive in our region. Regulatory and permitting barriers, access to land, infrastructure and markets, along with environmental conditions and continued technical assistance were key themes shared by producers.

Joseph Gabiou of Wobbly Cart Farm speaks.

Lori James discusses preservation of her family's historical farmland, now operated by Common Ground Farm!

Jennifer Colvin outside Wobbly Cart Farm.

Chris Doleman shares about diary economics at James Road Dairy.

Kevin Jensen talks about conservation and agriculture.

Harvest Festival Recap

TCD had a wonderfully successful 3rd Annual Harvest Festival!

With nearly 500 attendees, this well-attended event brought together community members from all over, celebrating conservation achievements and connecting to the seasonal changes of our landscapes. Positive feedback was received from staff and community, including improvements to crowd flow, timing of the event, and new activities!

A variety of TCD and partner educational booths provided information on fall soil testing, tree identification, fall gardening, farm equipment and more. Community building elements, such as the pie and scarecrow building competitions were a big draw for residents of our area. Workshops and demonstrations were featured throughout the day, along with a South Union-Grange hosted fundraiser lunch.

We honored community members and partners for their dedication to conservation work and volunteerism.
